## Three Wrecks Occur Here Wednesday

### Five Cars Damaged; Occupants Escape With Minor Injuries

Three wrecks in the Sedalia area on the highways Wednesday evening resulted in property damage to five automobiles and only minor injuries to occupants of one vehicle.

At 5:25 p.m. on the West Main Street road, just east of the Drive-In theatre, a car driven by Mrs. Irma J. Simons, 21, of Route 3, Sedalia, ran out of gasoline. The car, a 1950 Buick sedan, had stopped on the pavement. Just as Mrs. Simons and Mrs. Lois Arnold had alighted from the car, another car, a 1949 Mercury, driven by Claude Clark, 71, also of Route 3, and headed west on the road, ran into the rear of the parked car.

Linda Lee Simons, 8, daughter of Mrs. Simons, who was in the back seat of her mother's car, was thrown from the seat into the back of the front seat, causing her to suffer minor hurts. She was not taken to a doctor.

The rear of the Buick car was damaged and the front end of the Mercury was extensively damaged.

A black Hampshire hog was the cause of a one-car accident on East Highway 50 near Brown's Service Station about 5:50 p.m. Wednesday. Extensive damage resulted to the car, the occupants escaped injury and the hog was killed.

Jack K. Morgan, 40, Butler, was driving his new 1957 Ford sedan east on Highway 50 and the hog suddenly appeared in front of the car. After hitting the hog, the car swerved into the ditch.

Morgan, his wife and their two children escaped with minor bruises and did not need medical treatment.

The grill, radiator, and left front fender were damaged on the car to such an extent it had to be towed to Sedalia by the Parker Service Station wrecker.

Mr. and Mrs. Morgan and children were enroute to Illinois to spend Thanksgiving. They returned to their home in Butler in a taxicab.

Trooper Richard Stockdell, of the State Patrol, investigated the accident.

Two cars were in collision on South Highway 65 in front of the J. and M. Trading Post about 6:50 p.m. Wednesday, doing damage to (Please turn to page 4, column 4)

## Muscular Dystrophy Receives \$2,827.50; Hope for \$3,000

The Muscular Dystrophy Drive to date has reached \$2,827.50, and there are still canisters out and some additional checks. Dr. D. C. Proctor, general chairman of the drive, is hopeful of reaching the sum of \$3,000 by the time all money is in.

November is National Muscular Dystrophy month, but the local drive was Oct. 29 through Nov. 3. Workers for the drive found that most people wanted to give to the drive and it was the many nickels, dimes and quarters given by those who wanted to help, plus the dollars and checks of those who wanted to give more, that swelled the fund. Sedalians felt they had a personal interest in this drive, a youngster by the name of Bobby Wolf, for whom they hoped their contributions might mean a cure if research was provided enough money to continue.

## Board Hopes To File Dock Report Today

### Then Government Can Seek Order For Return to Work

WASHINGTON (AP) — The presidential inquiry board in the East-Gulf Coast docks strike said today it hopes to file a report with the White House late tonight. Once the report is in, the government can seek a back-to-work court order.

The board's timetable made it doubtful that the Justice Department could ask before tomorrow for the 80-day injunction allowed under the Taft-Hartley law. But a court move tonight still was a possibility.

In any event, President Eisenhower's administration was pushing the Taft-Hartley emergency procedures with all speed in an effort to stop the crippling, eight-day waterfront strike and get longshoremen back to work Monday.

The presidential inquiry board, headed by Thomas W. Holland, took testimony this morning from representatives of the IILA and employers in South Atlantic ports. Philadelphia shippers were also due to present their versions of the labor dispute.

The board had heard from representatives of the New York Ship-ping Assn., and Baltimore Port employers last night and was receiving statements from employers from other ports by teletype.

The strike, in its eighth day, has idled 60,000 longshoremen along the Atlantic and Gulf Coasts and tied up an estimated 200 ships to cripple ocean trade. The White House said the stoppage was serious and had "repercussions far beyond the maritime industry."

Under the national emergency provisions — the government's toughest anti-strike weapon — the three-man inquiry board named by the President must file its fact-finding report with the White House before the Justice Department can move for an 80-day back-to-work court order.

The striking International Longshoremen's Assn. said in advance it will obey such an injunction when issued. This seemed to insure resumption of port activity next week.

It was indicated that if the inquiry board files its report early enough this afternoon Eisenhower will probably order the Justice Department to move into court for the injunction right away. Otherwise, the court move would come tomorrow, probably in New York Federal District Court.

PARADE FOR DEMOCRACY—The two scenes above are of the "Know Your America" parade held Wednesday. Special emphasis was placed on the freedoms and faith of America by banners on the units in the parade. Bands, civic groups and businesses joined in the event.

Sponsored by BPW Club—

## Civic Clubs, Merchants Join in Parade To Observe 'Know Your America' Week

In observance of "Know Your America Week" a parade was held in the downtown section of Sedalia on Wednesday afternoon, with the moritized units continuing over town. There were many appropriate slogan signs on cars and trucks.

The parade was led by Chief of Police Edgar Neighbors, followed by the Smith-Cotton High School Band. Other units were the Civil Air Patrol, the Business and Professional Women's Club, which sponsored the week in Sedalia with the sign: "Know Your America Week"; the American Legion with the sign "For God and Country"; the Town and Country truck with the slogan, "Shoo Communism Out"; the Missouri Pacific Women's Club with "Know America"; followed by the Missouri Pacific truck on which was "Right to Freedom"; and then the Federated Shop Crafts marching.

There were a large number of Boy Scouts marching in the parade, too, from the Cub Scouts on up, and the slogan was "Forward Toward Liberty." The Sedalia Democrat had the slogan "Freedom of the Press"; the Missouri Public Service truck had "House Power America"; the Moose had the slogan "Faith in America"; and the Toastmaster's Club, "Speak for Liberty" followed by KDRO which had "Freedom of Speech." The Optimist Club had "Freedom Is Our Most Precious Heritage"; the Knights of Columbus, "The Right to Workship"; American Business Women, "Build America"; the U. S. Mail "No Censor Scissors"; an ice company had "Freeze Out Communism" and a bread company had "Food For Thought" and "Hungary is Hungry". The Jaycees had "Protect Our Freedom" the Knife and Fork Club had "Freedom" and the Chamber of Commerce, "American Freedom Depends On You."

A moving company had "Move Commies Out" and from the implement companies came the following slogans according to the

machine it was on "Plow Communists Under", "Let's Scoop and Bury Communists" and "Cut Out Communists". Then there was the slogan: "Lions' Den — No Reds Allowed".

There were many more organizations and groups in the parade all with slogans which included: Broadway School, Baptist Church, V.F.W. 2508, Military Order of Cooties, Military Order of Lady Bugs, Daughters of the American Revolution, Washington School, Sorosis, Elks and Elks Auxiliary, Whittier School, Oak Grove School, the U. S. Army, Jefferson School PTA, and others.

Another feature of the parade was the LaMonte Band.

Expresses Appreciation—

## Chamber Retail Division Sends Letter to Bus Owners

Harry Goldberg and Warren L. Wiley, co-owners of the Sedalia Public Transit Lines, Inc., which is discontinuing bus service in this city at the close of business Saturday, have received a letter from Harry Naugel, director of the Chamber of Commerce retail division, expressing the division's regret that service must be discontinued but admitting that the decision is fully justified.

Goldberg and Wiley were also extended the division's appreciation for their efforts to provide continuing service. The text of the letter follows:

Mr. Harry Goldberg  
Mr. Warren L. Wiley  
Sedalia Public Transit Lines, Inc.  
3021 East 12th Street  
Sedalia, Missouri  
Gentlemen:

"It was with a great deal of regret that we learned of your forced decision to discontinue Bus Service for Sedalia on Saturday, November 24th. A review of past experiences, however, indicates

the full justification of this decision.

"Sedalia lost its bus in 1954 because of a lack of patronage, there being only about 90 regular riders using the service. Immediately following the loss of Bus Service, the Chamber office and members of the Board of Directors were besieged with a flood of telephone calls, cards and letters asking that something be done to restore service. Interest continued and after 14 months of efforts you made the decision to establish a new Bus Service for the city.

"You indicated in our last discussion that about 500 regular riders per week were necessary to just break even on your operating costs, whereas you were only having approximately 125 regular customers. From these figures, there is a clear indication of the lack of public support for Bus Service, and it is obvious that you could not continue operations. It is our hope that the general public fully realizes and understands that the second loss of Bus Service for Sedalia within a two year period has been caused solely by a lack of support in utilizing this public transit system.

"We know that you have acted in good faith and made every honest effort to serve Sedalia. It is very regrettable that the operation of the public transportation system has caused you serious financial loss which will take a long period of time to recover.

"On behalf of the Retail Division and entire Chamber of Commerce, I want to voice our sincere thanks and appreciation for the work, the time and the money which you have given to the city in providing a public transit system. You are to be commended for your efforts even though the general public did not see fit to support the transit system for which there was such a clamor to provide."

Yours sincerely,  
Harry Naugel, Director  
Retail Division  
Sedalia Chamber of Commerce

## Bus Line Will Cease Operation Saturday

The Sedalia Public Transit Lines, Inc., will cease operation at the close of business at 5:45 p.m. Saturday, Nov. 24, due to lack of sufficient patronage.

Prepaid transportation will be refunded on presentation by Dec. 1 at Sedalia Public Transit Lines, Inc., Harry Goldberg's, 3021 East 12th.

## Britain Reaffirms Plan to Withdraw, But Not Instantly

### Lloyd Addresses UN Assembly After Others Press for Quick Finish to Occupation of Egypt

UNITED NATIONS, N. Y. (AP) — Britain today reaffirmed its promise to withdraw its forces from Egypt, but made it clear that it would not bow to the growing demands to get out immediately.

British Foreign Secretary Selwyn Lloyd addressed the 79-nation General Assembly after diplomats from Asia, Africa, Communist Eastern Europe and Latin America pressed for quick action to get the British, French and Israeli forces out of Egypt.

Lloyd told the Assembly Britain could not pull out completely until the U.N. emergency police force "is in a position to carry out effectively the tasks assigned to it." And he said it still was not ready to do this.

He made no estimate as to when Britain expected to start large-scale withdrawals. At present, however, he stated only that one battalion was being withdrawn.

Egyptian Foreign Minister Mahmoud Fawzi called for withdrawal "in a matter of a very few days."

Jordan's Abdul Monem Rifa'i called the continued presence of the invading forces aggression and said, "it will no doubt cause a renewal of hostilities which might this time spread to a much wider area."

Lloyd expressed concern that an immediate withdrawal might put too great a strain on the new U.N. force and "bring discredit to the United Nations." It will take a little time, he said, to get the force organized and to make the necessary arrangements.

He added, however, that Britain had faith that the force would be able eventually to carry out its duties and make possible the complete withdrawal of British forces.

The Assembly had before it a resolution of 21 Asian and African nations calling for the withdrawal of the invading forces "forthwith."

Fawzi declared that the British, French and Israeli were ignoring the withdrawal demands of the U.N. and flagrantly violating Egypt's sovereignty. There is a possibility "every minute," he said, that renewed fighting may erupt.

Czechoslovak Foreign Minister Vaclav David, Panamerican Foreign Minister Aquilino E. Boyd and the representatives of Jordan and Sudan led off the demands for quick U.N. action.

Diplomats said the United States also had thrown its support behind the Asian-African proposal.

U.S. chief delegate Henry Cabot Lodge Jr. reportedly decided to back the resolution after conferring with President Eisenhower in Washington.

A U.S. source said the United States and India also would join in sponsoring a resolution to authorize U.N. Secretary General Dag Hammarskjold to negotiate contracts for clearance of the blocked Suez Canal. The resolution also would praise Hammarskjold's work in setting up the U.N. police force.

When the 21 Asian-African sponsors of the new withdrawal resolution met to put finishing touches on it, some of the group reported-

## Wool Fashion Show to Be Held Here Saturday

The style show for the "Make It Yourself With Wool" skirt contest for young girls will be held at 1:30 p.m. Saturday, at the First Methodist Church, Fourth and Osage, with a sweater laundering demonstration to be given by Caroline Staley before the show.

Girls participating will be Linda Dickerson, Mary Anne Lipscomb, Karen Jeanne Merry, Delta Reine, Joan Ritzenthaler, Patty Jo Rodewald, Barbara Schneider, Carolee Shirley, Joyce Ann Quint, Linda Mae Vedder, Bonnie Wissman, all of Smith-Cotton High School; Judy Eva Lena Greer, Barbara Hoos, Beverly June Rehmer, Joyce Stephens, Joan Gay Townsend, Wanda Williams, all of Hughesville High School; Jane Brandsteter, Judy Kay Franklin, Glenda Teter, Mary Evelyn Streit, all of Smith-ton High School; Lillie Reid and Marilyn Reid, Houstonia High School; and Anna Louise Stevens, Green Ridge High School.

Judges will be Mrs. Mona Terrell, Marshall, and Opal Davis, home agent at Versailles.

Prizes will be awarded the winners. The style show is open to the public.

ly wanted to set a deadline for the invaders to get out.

Later they decided to ask the Assembly to note "with grave concern" that Britain, France and Israel had not yet complied with its decisions of Nov. 2 and 7 that they should withdraw from Egypt. The new resolution then repeated the previous calls for withdrawal.

## Will Pull Out One Battalion, Token Move

### French Report Withdrawal of Third of Troops

CAIRO (AP) — The commander of the British-French forces in Egypt announced today that Britain will withdraw one battalion "almost immediately" from the Port Said area. This evidently is the token withdrawal which the British had promised U.N. Secretary General Dag Hammarskjold.

Gen. Sir Charles Keightley, who commands the allies' headquarters on Cyprus, said in Port Said that "as fast as U.N. troops arrive, the British and French will get out."

The French have announced they have already withdrawn about a third of the forces they landed in the Suez Canal zone.

Despite Keightley's assurance, Britain's acting Prime Minister told the House of Commons yesterday that the British and French would not pull out of the canal zone entirely until they regarded the U.N. Middle East police force "competent" to carry out its mission. That includes reopening the canal and keeping it open to ships of all nations, Butler said.

The commander of the U.N. police force moved quickly today to get his headquarters here in operation. But there was further delay in sending his troops to stations to reduce the danger of a renewal of fighting in the canal zone.

Reaching Cairo yesterday to take over his new command, Canadian Maj. Gen. E. L. M. Burns set about organizing a temporary headquarters at the Semiramis Hotel on the Nile. He scheduled a meeting with Col. Salah Gohar, head of Egypt's Palestine department of the Foreign Office, and planned an early visit to Port Said, British-French held city at the northern end of the canal.

The U.N. force led by Burns now total nearly 1,000 men in Egypt. Plans call for it to be increased to some 6,000. Most of the troops still are in the assembly area at Abu Suweir, an airfield behind the Egyptian lines near the midway point on the canal.

One company of 190 Norwegian troops has moved into Port Said for the announced purpose of lessening tension between the city's Egyptian population and the British-French occupation forces. So far their mission has been largely symbolic.

Now made up of Swedes, Norwegians, Danes, Colombians, Indians and Yugoslavians, the police force is armed with rifles, machine guns and antitank weapons. Burns said it would fight if attacked, but he emphasized it is chiefly a moral and symbolical force.

## Transit Workers Walk Off Jobs in Seattle; Cause Traffic Jam

SEATTLE (AP) — Fifteen hundred Seattle transit system employees, backing demands for an 18-cent hourly pay boost, walked off their jobs this morning and left the 60,000 people who ride the city's buses without means of municipal transportation.

The strike, which Mayor Gordon Clinton and other city officials tried to avoid, left downtown Seattle a massive traffic jam.

## Yule Season Officially Opens Today in Many Cities

NEW YORK (AP)—The Christmas season opens officially today in the nation's stores.

In the next four weeks they should do about one fourth of their entire year's business — it's the season that makes or breaks the year for most of them.

The real drive starts today. Shoppers will have to show more of a buying spirit than they have in the last four weeks if the hopes for a record sales volume are realized. Unseasonably warm weather in November got the blame in many cities for sluggish sales.

The rather slow start worries some merchants who have loaded up with large stocks in expectation of record sales.

They have other problems. Finding extra clerical help is harder this year — with the nation's total employment already at a record.

Some retailers have foreign purchases tied up by the dock strike, although in most cases the imports started arriving in volume in October. Importers count upon this being the largest Christmas season for foreign goods.

Another worry is what effect the recurring war scares will have on consumers' buying tendencies. Still another is the reaction to higher prices this year on many items.

But most merchants count heavily on the plus factors this season. Disposable income after taxes is at a record high. Some previously depressed areas are humming again. Example: many auto plants are now on a six-day week. Some 6,000 financial institutions are paying nearly 13 million members of Christmas clubs a record \$1,187,000,000. Merchants think at least 294 million of that will be spent on gifts.

The seasonal industries are optimistic. Toy makers expect sales to set a record. Christmas card printers expect two billion greetings to crowd the mails next month.

Makers of gift wrappings and trimmings expect sales to hit a record 120 million dollars.

A 10 per cent increase in Christmas lighting is foreseen by that industry. Glolite Corp. of Chicago says display sales will reach 100 million dollars this year. The electric utilities expect December to set another record.

There are two sad notes. The National Premium Research Institute says business men are trimming their business gift lists to save about nine million dollars. Wall Street says brokers' Christmas bonuses may be off because until lately trading volume was running 15 per cent behind a year ago.

### To Hold Reunion For Smith-Cotton Graduating Class

A reunion is being planned for members of the 1951 graduating class of Smith-Cotton High School to be held at the Ambassador Room of Bothwell Hotel on Dec. 22.

An effort is being made to reach all members of the class. Reservations may be made by contacting Mrs. William C. Bergmann, 2320 West Fifth, who is the former Marjorie Scruton. Members, their husbands, wives and dates may attend.

## Effort to Cut Filibusters Is Planned

WASHINGTON (AP)—Six Northern Democratic senators say they are planning another effort to curb Senate filibusters.

The rule permitting almost unlimited debate in the Senate has been used in the past by Southerners to block civil rights legislation to which they were opposed.

Under the present rule, the votes of 64 of the 96 senators are required to force a limit on debate. Not even this method can be used to stop debate on proposed changes in the Senate rules.

The six Democrats said, however, they will move on the opening day of the new Congress Jan. 3 for a rule change which would provide what they called a "reasonable method" of cutting off debate. A similar attempt four years ago was beaten 70-21.

The proposal was one of a number made yesterday by Sens. Humphrey (Minn.), Douglas (Ill.), Morse (Ore.), Murray (Mont.), McNamara (Mich.) and Neuberger (Ore.).

They suggested to their colleagues a 16-point legislative program largely on the 1956 Democratic national platform, and invited also the support of "our modern Republican" colleagues who have associated themselves with the President's expressed objective of remaking the Republican party.

Their proposals included tax cuts for lower income persons and small business, a return to higher rigid farm price supports, civil rights legislation on voting and educational rights, prompt federal aid for school construction, and elimination of the present formula for determining immigration quotas.

Other legislative proposals would affect natural resources, housing and urban redevelopment, social security, health, depressed areas, labor, atomic power development, clean elections, veterans and statehood for Alaska and Hawaii.

### Woman Hurls Turkey

CAMDEN, N.J. (AP)—The way the police heard it, Mrs. Asa Redrow decided she'd had enough husbandly advice on how to roast the Thanksgiving turkey. She threw the bird at her husband. Redrow ducked. The turkey crashed through a kitchen window.

Redrow faced a hearing today on assault and battery charges. Mrs. Redrow said he struck her.

## Authorities File Murder Charges; Hunt 2-Year-Old

HUNTINGTON, W. Va. (AP)—Sheriff's deputies and volunteers resume their search for 2-year-old William Henry Beaver today as authorities plan to book his father and grandmother on murder charges.

The youngster disappeared early Wednesday from the family's three-room frame home in the Charley Creek section, about 20 miles east of Huntington.

His grandmother, Mrs. Virginia Beaver, about 60, told authorities she clubbed him to death because he "got on my nerves," according to Deputy Sheriff Lawrence Qualls.

He said the grandmother also told several other stories including statements that "another person" did it, that her son, James — the missing boy's father — was responsible, and that her daughter-in-law, Mrs. Elizabeth Beaver, 19, seven months pregnant with her second child, did away with the boy.

Beaver, 24-year-old odd-jobs man, told authorities all he knows of his son's disappearance is that the grandmother announced to him and his wife that the boy had "walked off."

Scores of searchers yesterday covered muddy creek bottoms and rugged wooded ridges looking for the youngster.

They believed even though he may have been alive Wednesday night, he could not have survived sub-freezing temperatures, a slight snow and strong winds. Prosecuting Atty. Russell Daugherty who had Beaver and the grandmother take lie detector tests last night, said he would file murder charges today.

## Ezio Pinza Says He Won't Sing Again; Just Wants to Act

STAMFORD, Conn. (AP)—Ezio Pinza, whose deep, mellow voice brought swarms from the bobby-soxer's mother, says he doesn't intend to sing anymore.

The 64-year-old opera star who switched to popular musicals — "South Pacific" and "Fanny" — just wants to act.

Pinza suffered a heart attack in Italy last August, but he said last night his health did not influence his decision.

"It is my desire and my intention not to sing anymore," he said. "I decided this during the time when I was in Fanny."

"Before I was taken ill, I decided to play in 'A Very Special Baby,' which opened in New York Nov. 14 and closed on the 17th."

Pinza said that after his heart attack the part — as the father in the play — went to Luther Adler. "I have sung for 37 years, from 1919 to 1956, a long time," Pinza said. "My plan now is to get well. My doctor says I am ready for light work."

Pinza said he will do movie, television or stage work. "If I find a nice play — a play I like — I will take it."

HEADS ASSEMBLY—Prince Wan Walthayakon, Thailand's minister of foreign affairs, is the new president of the United Nations General Assembly. He is a grandson of King Rama IV, the king in "The King and I." A diplomat for the past 39 of his 66 years, he has been Thai ambassador to the United States since 1947.

tees to plan for the observance, which has as theme this year "Add the Fourth R."

Religious education leaders, ministers of different faiths, and faculty members will join students in the observance, which will consist of retreats, luncheon-dinner meetings, vespers, class visitations and panel discussions during the week.

## Traces of Arsenic in Two Boys' Bodies

HAGERSTOWN, Md. (AP)—Investigators probing the deaths of William S. Kidwell and his two young sons await new autopsy reports after finding traces of arsenic in the bodies of the boys.

Kidwell, 42-year-old laborer from nearby Kearneysville, W.Va. died yesterday in Washington County Hospital.

He had been admitted a week earlier, one day after his nine children were admitted. Two of them, one-year-old Tommy and two-year-old Charles, died the day their father was brought in.

Shortly after Kidwell's death, State's Atty. Tom Kaylor disclosed the medical examiner's finding of arsenic in the two boys. The father and nine children originally were believed to have been suffering from botulism, a disease resulting from eating spoiled food.

## Jaywalking Campaign Flops in Kentucky

MAYSVILLE, Ky. (AP)—The Maysville Jaycees have decided their jaywalking contest was a flop.

In the last three weeks, three of their members have been walking through the downtown business section, jaywalking whenever possible. They carried five and 10-dollar bills with them.

They said any resident could have collected \$15 cash just by saying, "you are jaywalking." But nobody did, and to top it off, they said, nearly everyone else was jaywalking, too.

## Everything's New including the View

in each '57 Buick—SPECIAL, CENTURY, SUPER, ROADMASTER

WHEN we tell you the 1957 Buick is new, we're not kidding.

Because we don't mean just new this or new that. We mean new everything.

We mean everything you can't see, as well as everything you can.

And even the "seeing" is new from both the front seat and the rear seat—for the new, wider, rakishly angled panoramic windshield with its 200 more square inches of glass area widens the forward view of all passengers.

Take other examples.

Its styling is new. Never before have you seen a Buick like this one—sleek and stunning, and low as a cat-crouch.

Its engine is new. Never has any Buick boasted so big, so powerful, so obedient an engine as the purring V8 engine that gingers every '57 Buick.

Its performance is new—and right here

we mean new like nothing else you ever experienced before.

For now, with Buick's new record horsepower, there's a new advanced Variable Pitch Dynaflo\* that's so instant in action, so vividly responsive, so smooth and flexible and full-torque throughout the entire "Drive" range—the need for "Low" is virtually eliminated.

But there's even more than all this to the newness of every '57 Buick—SPECIAL, CENTURY, SUPER and ROADMASTER.

There's a completely new chassis that gives the car the lowest center of gravity in Buick history—for a steadier, safer ride. And a new kind of ball-joint suspension for surer handling, safer cornering, and a wonderful new levelized braking.

There are safety features galore—new safety-padded instrument panel, new dip-center safety steering wheel, new controls recessed out of harm's way—even an ingenious new Safety-Minder\* that lets you know when you reach the miles-per-hour you've preset for yourself.

Of course, the only way to get the whole, new wonderful story is to take the wheel and let this big new car do its own talking.

And that's something we'll be most happy to arrange first chance you get. Come in today.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

## Oterville OES Has Installation Ceremonies

The 1957 officers of the Oterville Chapter 331 Order of the Eastern Star, were installed at the Masonic Temple in Oterville Thursday evening, Nov. 15.

The chapter room was decorated with a backdrop on which was found an open Bible, candle and star. Also in the East was a huge bouquet of mums flanked on each side by cornucopias of mums.

The retiring matron and patron, Mrs. Evalene Paul and William Ficken, entered the Chapter room followed by the installing officers who were Mrs. P. H. Arnold, matron, Frank Arnold, patron, Mrs. Maggie Belle Foley, chaplain, Mrs. Arlene Winn, marshal, and Mrs. Fyrne Leaton, organist.

The candles were lighted by Mrs. Elsie Baker.

The Bible was presented by Mrs. Myna Yeager, assisted by Mrs. Louella Mertgen and Mrs. Doris Cook.

Mrs. Paul welcomed distinguished guests, members and friends. Mrs. Viola Coffman, Past Grand Matron of the Grand Chapter of Missouri, and Mrs. Maggie Belle Foley, District Deputy Grand Matron of the 25th district were introduced.

## Actress Hits Snag In Marriage Plans

SANTA MONICA, Calif. — Actress Diana Lynn and radio executive Mortimer Hall say they still plan to marry Dec. 7, although they have been unsuccessful in seeking a license.

Deputy County Clerk T. H. Carick informed Hall that the interlocutory divorce which actress Ruth Roman obtained from Hall was dated last March 29. Under California law a final decree cannot be entered until one year after the interlocutory decree is awarded.

Hall, 32, general manager of Station KLAC, contended he was granted a Mexican decree from Miss Roman last Oct. 14, but Carick advised him to consult his attorney.

## Budapest Radio Says Strike Is Off

VIENNA, Austria (AP)—The government-controlled Budapest radio claimed today that the Budapest Workers' Council had called off its strike after "partial agreement" with the government of Soviet-backed Premier Janos Kadar.

The council called the strike Wednesday when Russian troops and Hungarian police kept it from meeting in the Budapest Sports Hall.

The strike call had little effect on the labor situation since a majority of Hungarian workers already were on strike. They are making a last-ditch effort to win concessions from the government in the face of Soviet guns and food and fuel shortages.

The effect of the new back-to-work call remained to be seen. The "partial agreement" mentioned in the broadcast listed none of the strikers' main demands. These include withdrawal of the Russian troops and the return to power of Imre Nagy, a "nationalist" Communist who became premier briefly after the bloody anti-Soviet revolt erupted.

Once before the workers' leaders called off the original strike. The workers switched to a sit-down.

Budapest radio said the government had acknowledged the workers' council as a "corporated body" for negotiating purposes. Kadar also promised to suggest to his cabinet that the workers elect factory directors "from a number of aspirants."

The broadcast said the council was continuing negotiations with Kadar and had reserved the right to call the strike again if no progress was reached.

A later broadcast confirmed a Yugoslav announcement that Nagy and several of his followers had left their sanctuary in the Yugoslav Embassy in Budapest and returned to their homes.

Pallbearers will be John Ellison, Leonard McNeal, George Snavely, William Wade, Ray Bunker and Roland Snavely.

Burial will be in Bethlehem Baptist Cemetery, Morgan County.

The body of Mrs. Sheffield arrived Thursday and was taken to the funeral home and Mr. Sheffield, her husband, injured in the accident, arrived in Kansas City by plane, thence coming to Sedalia.

Mrs. Sheffield was born Sept. 17, 1937, the daughter of George H. and Clara Lewis Dotson. She had resided in Sedalia until two years ago, when she went to Delray Beach, Fla. and on Dec. 11, 1954, was married to David E. Sheffield.

Besides her husband she is survived by: her mother, Mrs. Clara Belle Dotson, 329 North Randolph; four sisters, Miss Anna Marie Dotson, 301 1/2 West Seventh, Mrs. Nellie May Craighead, 1406 East Third, Mrs. Evelyn June Dillion, East Fifth and Miss Mary Lulu Belle Dotson, of the home; and three brothers, O. J. Dotson, of Pittsburgh, Pa., George Ray Dotson, on the USS. Fr. Marion in the Navy, and Charles Dotson, of the home.

Russell Maag will sing "What a Friend We Have in Jesus" and "Partners Along" with Mrs. Del Heckart at the organ.

**Mrs. Ed Morgan**  
Mrs. Sholita Wheeler Morgan, 86, Knob Noster, died at the Nace Nursing Home, 611 West Fourth, about 2 o'clock Friday morning. She had been a patient at the home for some time, with a heart ailment.

She was born March 10, 1870, in Illinois, the daughter of the late Isaac and Mary Winchell Wheeler. She was first married many years ago, and her husband died a number of years ago.

She was married to Ed Morgan of Knob Noster several years ago, who survives. Also surviving are the following children by her first marriage: Emmett Perry of Tonasket, Washington, Mrs. Georgia Norman, Kansas City, Mrs. Eddie Peterson, Knob Noster, Mrs. Maude Evans Humansville, Mo., and Mrs. Irmal Mabry, Sweet Springs, and William Perry, a brother, James Wheeler, of Peoria, Kan., also survives.

The body was taken to the Saults-Brauninger Funeral Home in Knob Noster, where it will remain until time for the funeral.

Funeral services are to be held at 2 o'clock Sunday afternoon at the Reorganized Church of Latter Day Saints, Elder E. P. Darnell, Warrensburg, and the pastor of the church, Elder Paul Burgess, will officiate.

Six grandsons will serve as pallbearers.

Trooper Richard Stockell of the Highway Patrol issued a patrol summons to Eldred.

## Police Court

Ten overtime parkers who failed to appear in police court forfeited their cash bonds of \$1 each and there were 29 others who paid the 25-cent fee.

Harold Bishop, 21, of 1206 South Washington, charged with careless driving and leaving the scene of an accident at Second and Osage, was fined \$25 for careless driving and the other charge was dismissed. He pleaded guilty.

Bishop's car, a 1952 Ford sedan, struck the left rear of a 1950 Buick tudor sedan of Wilma Jean Des Lauriers, of 121 South Osage, which was parked on Osage in front of the Johns Auto Supply Co., about 11:31 p.m. Wednesday. Damage resulted to the front end of Bishop's car and to the trunk, and left rear light on the Buick.

Edgar E. Schnakenberg, Cole Camp, charged with running a red traffic light at Broadway and Grand, forfeited a \$5 cash bond. He was arrested by Trooper Pete Stohr of the Highway Patrol.

A-3c James Parhms, Whiteman AFB, charged with speeding 50 miles per hour in a 30-mile-zone, 1400 block on West Main, was fined \$20 by Judge Morris. He pleaded guilty.

Frank Bryan, Jr., Route 3, Sedalia, charged with being intoxicated and disturbance of the peace, was not in police court and his \$35 cash bond was ordered forfeited.

## Accidents

Leslie R. Calkin, 704 West Jackson, Windsor, was painfully injured about 4 o'clock Friday morning when his car was wrecked three miles south of Highway 50 on Johnson County Route D near the Whiteman Air Force Base. The car a 1949 Ford was demolished.

Calkin, according to Trooper Pete Stohr who made the investigation for the State Highway Patrol, was headed north on the road and the car left the road on the left, or west side, and traveled about 210 feet. The car, he said, cut back across for another 120 feet, rolled over twice and landed on its top in the middle of the highway.

Trooper Stohr said Calkin at first reported an airman was driving the automobile.

Calkin was taken to the Windsor Hospital in the Saults-Brauninger ambulance, where it was reported he had suffered three broken ribs, a back injury and abrasions about his face.

The report of the accident was not made to the Sedalia police until 6:05, when they notified the State Patrol. A call had been made for Ewing's ambulance, which also went to the scene.

Two Independence women were killed in a head-on crash of two motor vehicles on Highway 24, a mile east of Levasy, Mo., near Lexington, about 4 o'clock Wednesday afternoon. They were Mrs. Gertrude M. Gibbs, 70, and her daughter, Mrs. Evelyn Allen, 46.

Mrs. Gibbs was a sister of the late Mrs. Maude Burlingame of Sedalia and an aunt to Willie Burlingame, 607 East 17th, Sedalia. Funeral services are to be held at 2 p.m. Saturday at the Independence Methodist Church.

Between 50 and 60 chickens were killed, and a number crippled and bruised about 9:30 a.m. Friday when 78 crates loaded with chickens were scattered upon the highway at the Flat Creek bridge on South Highway 65. The crates were lost from a large truck when it struck the bridge.

The truck, loaded with several hundred crates, was driven by Teddie Mitchell, Windsor, and was owned by Melvin Smith, Ionia.

Mitchell told State Trooper Pete Stohr something happened to the load. The truck first sideswiped the bridge on the west side, swerved back across and ripped into the iron railing on the east side of the bridge on the north end.

The crash loosened the crates to the rear, and they scattered on the highway and on the east shoulder. Slight damage resulted to the truck.

## Christmas Decorations Are Appearing in City

Christmas decorations have started going up in the downtown section of town. Even Wednesday, the day before Thanksgiving, there were ladders up on front of buildings and men were putting up strings of lights, some with the Christmas greenery, too.

With Thanksgiving out of the way, the cold weather to remind people of the nearness of the Christmas season, and the Santa Claus parade set for next Saturday, it is time for the gay decorations. Christmas shoppers will soon be filling the stores, in fact they have already started, and Christmas is in the air.

## Travelers, Hunters Marooned—

## Biting Wind Blows Snow Over Parts of Three States

By THE ASSOCIATED PRESS  
A biting wind off Lake Erie blew a tumult of heavy wet snow over adjacent sections of three states Thursday and soaked in highway and air travel with drifts up to seven feet deep.

Like a buzz saw cutting a pillow, the freak storm — accompanied at times by lightning and thunder — dumped up to 26 inches of snow over a relatively small area in northeastern Ohio, western Pennsylvania and western New York State.

It virtually paralyzed Erie, Pa., a city of 130,000, where hundreds of highway crewmen were fighting Friday to reopen roads and streets. Practically all industries in Erie, including General Electric which employs 10,000, were shut down.

Around two feet of snow fell in Ashtabula and Conneaut, Ohio. They, too, were snowbound, as well as many smaller towns and villages.

Hundreds of travelers and hunters were marooned as winds up to 35 m.p.h. plugged highways with deep drifts and whipped the snow into zero visibility which halted operations at Erie's airport. Drifts blocking two main Cleveland to Buffalo routes measured up to seven feet.

A similar storm off eastern Lake Ontario dropped around eight inches of snow in the Adirondack Mountains, also stranding scores of automobile travelers.

The storms off the two lakes were the main wet spots of a vast chill which brought freezing weather clear to the deep South and plunged temperatures 20 degrees below the previous day's as far south as Florida.

In Michigan's Upper Peninsula, it was down to 4 below at Sault Ste. Marie. Snow there ranged from 2 to 5 inches, the latter at Grand Marais.

Lighter falls of snow with similar bitter winds and cold ranged

## Airmen of Month Are the Guests Of Lions Club

Airmen of the month from the Whiteman Air Force Base were honored at dinner Wednesday at the noonday meeting of the Sedalia Lions Club Rev. Samuel Williamson, of the First Christian Church, was the speaker.

Rev. Williamson used as his subject a theme on Thanksgiving.

Six of the 12 Airmen selected were present at the meeting along with Capt. John Herbst, information service officer. They were A-1c Adrain T. Small, 487th Bomb Squadron; A-1c Marshall T. Williams, 486th Bomb Squadron; S. Sgt. Bruce H. Simpson, 340th TAC Hospital Squadron; A-2c Daniel J. Sullivan, Hq. Sq. 340th AB Group; A-2c Keith H. Martin, 340th Food Service Sq.; and A-1c Niles N. Livingston, 340th Transportation Sq.

Those airmen unable to attend were: A-1c Edmund J. Harvey, Hq. Sq. 340th Bomb Wing; A-1c Gerald E. Anglin, 340th A&E Maintenance Sq.; A-1c Leland D. Lavender, 340th Field Maintenance Sq.; A-1c LeRoy J. Scrape, 340th Operations Sq.; T-Sgt. Jerald R. Foxworthy, 340th Supply Sq.; and A-3c Charles W. Holland, 340th Air Police Sq.

Capt. Herbst introduced the men and gave a brief talk to the club on the Airmen of the Month.

Also attending the meeting was Mrs. Peggie Hewitt Homan, who was the chaplain to the Lions Queen, Emilee Dick, who attended the American Royal. Miss Dick was unable to attend the meeting at this time. Also a guest was John E. Wickline, a visiting Lion from Jefferson City.

## Caller Here Saturday Has Just Completed Tour of East, South

Jim Brower, of Texarkana, Tex., who will call for the Sedalia Square Dance Association Saturday night at Smith-Cotton cafeteria at 8 p.m., is returning from a tour of the east and south.

He has just completed an eight-day camp in Beckett, Mass., which he conducted for the Boston YMCA. From there, he went to the International Folk Dance Festival, where he was a featured performer. This past weekend he was master of ceremonies at the Mississippi State Square Dance Festival.

Jim, who is noted for his "syncopated rhythm" calling, has also been a featured caller in the Kansas City area many times, and his visit to Sedalia this Saturday is expected to attract many dancers from the surrounding areas.

# Fast Moving World Changes Fact to Fiction by Night

By HAL BOYLE

NEW YORK (AP)—Curbstone comments of a Pavement Plato: One of the dubious rewards of growing older is that you find much of what you learned when young is no longer regarded as true.

The myths you believed in during childhood are exploded one by one.

That is hard enough to face. But even harder to face is the realization that today the making and unmaking of myths has speeded up tremendously.

A thing that is accepted as fact in the morning is rejected as fallacy by nightfall. Today's wonder drug is tomorrow's blunder.

"True or false?" This is no longer a game. It is a terrible problem in living. As the scientist learns more and more about less and less, the average man learns less and less about more and more in our new age of enlightened superstition.

Old beliefs are toppled daily and new beliefs set up in their place are immediately challenged. The slogan of truth seems to be, "here today, gone tomorrow."

A few recent examples will show the conflict any guy now has trying to make up his own mind about anything.

Educators denounce rock 'n' roll music as a harmful influence on the young—but an Iowa therapist says it has a beneficial influence on mental patients, even as sung by Elvis Presley.

Since 1805 every Briton has been proudly sure that Admiral Nelson messaged his fleet at Trafalgar "England expects every man will do his duty." But a 76-year-old British signalman now says Nelson wouldn't have wasted time sending such a message, and even if he'd tried to it wouldn't have been seen.

A host of physicians have blamed the rise of lung cancer on cigaret smoking—but Dr. W. C. Hueper of the National Cancer Institute now says the main cause is the noxious fumes of a motorized world.

For generations doctors have advised patients suffering from the common cold "to drink plenty of fluids." Now a Mississippi doctor says he gets better results by dehydrating them.

They have come up with new tranquilizers that are supposed to relax you. But—on the other hand, in your case—they may depress you or even make you violent.

Atomic fallout as yet is no real

peril to mankind, say some distinguished scientists. But some others, equally distinguished, say we can't be sure.

So it goes in all the realms of knowledge and all the questions of the hour. When the pundits disagree, whom are we poor ordinary mortals to put our faith and trust in?

Once we were told on good authority that Washington never told a lie, that Nero fiddled while Rome burned, that Sir Walter Raleigh spread his fine cloak in the mud for good Queen Bess

to step on. Now we are told these are just historical fictions.

Tomorrow they may tell us that kindly Robert E. Lee was a wife beater or that someone ghost-wrote the Gettysburg Address for Abraham Lincoln.

In world of doubt clamorous with false tongues, who can find the truth, what authority can a man believe?

Sometimes you kind of envy the child who writes a letter to Santa Claus, or the bald-headed man who is sure the next bottle of tonic he buys will grow hair.

Anyone with faith in anything at least is looking forward and holds hope by the hand.

Add a few drops of peppermint extract to sweetened whipped cream. Serve as a topping for chocolate pudding.

## Korean Prisoner Wants To Return to US Now

URANIA, La. (AP)—Aaron Wilson, who decided not to come home after his capture in Korea nearly six years ago, now hopes to be back by Christmas.

Mrs. Henry Wilson said that her 24 year old son had written that he had applied for permission to come back and was being aided by the Chinese Red Cross.

"I will be with you all for Christmas," the onetime corporal with the 7th Infantry Division said in his first letter home in eight months.

Wilson was captured Nov. 28, 1950, near the Changjin Reservoir. He refused repatriation after the war ended.

## Correct View Now MOUNTAIN VIEW, Wyo.

Residents of this little southwestern Wyoming community and the post office department have finally agreed.

For years, residents of the town have spelled it "Mountain View" but the post office department has stuck to one word, "Mountain-view."

The post office department finally conceded. The latest postal guide spells it "Mountain View."

## In A World of Contrasts . . .

If all the mean-tempered and war-mongering people of the earth could have been guests of Central Missourians during the Thanksgiving day season, they might have been influenced to change their vicious behavior toward others.

The distressed of other lands who came to our shores within the week must have marveled at the contrasts of changed environment from brutality and starvation to freedom and abundance.

Typical of the latter blessings were the homes in Central Missouri where families gathered together to pray and eat and enjoy each other's company — grandpa, grandpa, the children and the grandchildren.

Even under the exacting conditions of holiday preparations, members of the Business and Professional Women's Club stirred up city wide organization and church cooperation in pin-pointing attention to "Know Your America," week. This was a remarkable demonstration of spontaneous cooperation. Thoughts of Communism could not survive in such an atmosphere of educational talks, parade enthusiasm, and Thanksgiving day — not in Central Missouri, and we are sure not in these entire United States.

Symbolic of this, too, was the inspiration of a Wyandotte county man. While relaxing after dinner with his wife and adopted daughter, Hubert Bray, an electrician, watched TV pictures of Hungarians fighting for freedom. He decided to make available, rent free, to a refugee family his 360-acre farm 20 miles south of Warsaw.

There were hundreds of unrecorded acts of charitable consideration for those less fortunate.

What dissimilarities one world can have! The rattle of gunfire, the spilling of blood on one side; the rattle of the Thanksgiving dinner dishes in the kitchen sink and the spreading of good will on our side.

Pray the Lord that Americans as a nation, as organized groups or as individuals in private enterprise may never become so greedy, so over-zealous and so drunk with power that they lose their sense of human values and revert to savagery in their relationship with one another.

Otherwise, how can God Bless America?

### Washington Merry-Go-Round—

## Judge Saund Forgot to File Expenses

By DREW PEARSON

WASHINGTON — Judge Dalip Singh Saund of California, first Indian-American ever elected to Congress, faces the possibility of one year in prison and/or \$1,000 fine as a result of forgetting to file his expenses and contributions 10 to 15 days before election.

This is a requirement which some congressional candidates and even some congressmen occasionally overlook during the heat of a campaign. None has yet gone to jail. However, the law is clear and the penalty is stiff.

So if the Justice Department wanted to get tough with the Democrat who defeated the famed and glamorous Jackie Cochran Odlum, whose husband is now a heavy GOP contributor, and whose husband's director, George Allen, is an intimate friend of the President, it could do so.

No one is willing to comment frankly as to the reason why the Voice of America suddenly canceled Judge Saund's broadcasts to Asia, but it now appears that the judge's technical violation of the election laws may be the reason.

Judge Saund was scheduled to broadcast for the Voice of America on November 15. Suddenly the Voice notified him the broadcast was off.

Officially, the Voice now explains that it is overloaded with work. Unofficially and privately, officials admitted that orders had been received from the White House to cancel Judge Saund. Voice officials obviously were disappointed. They had planned to have him speak in various dialects and were going to use his words not only in India, but throughout Asia and Africa, to show that the United States gives equal opportunity to everyone and that a native-born Indian could be elected to the chief governing body of the nation.

If the ban on Judge Saund stands and if the Justice Department should proceed with prosecution, it would be highly embarrassing, especially at a time when Prime Minister Nehru is scheduled to arrive soon for a White House visit.

### Help For Hungry

The Laundry and Dry Cleaning Industry of Washington has evolved a generous system for helping beleaguered Hungarians at this Thanksgiving season.

It has undertaken to pick up old clothes contributed by Washingtonians to Hungarians thru November 30, clean them, then forward them to the Hungarian people.

Edward Clark of the C and C line service of Washington conceived the idea. Sold it immediately to the Laundry-Dry Cleaning Association of the nation's capital, and delivery trucks have been busy since then picking up old clothes. Two girls have been kept busy receiving phone calls, and each day the pickup service is divided among the various laundry establishments.

The day before Thanksgiving the first collection of clothing was loaded into the Church World Services van for immediate shipment to Hungary.

### Guest Editorial—

MEMPHIS COMMERCIAL APPEAL: Two Oaths of Office? President Eisenhower's present term ends on Jan. 20, which comes on Sunday. Since the government transacts no official business on Sunday, Congress set the date for the inauguration as Monday, Jan. 21. Unless President Eisenhower takes an oath of office privately at the White House on Sunday, there will be a period of 24 hours in which he is not formally qualified to carry out his official duties.

It is, we believe, the fifth time in our history when a presidential term has ended on Sunday. There is no single precedent, for on two occasions the President took the oath in private and on two others just waited out the 24 hours. If any emergency arose, of course, the oath could be administered within a very short time.

There is no legal necessity for any great ceremony in the matter of administering the oath of office to an incoming President. Calvin Coolidge was sworn in by his father, a justice of the peace, in a modest farmhouse at Plymouth, Vt., almost immediately after receipt of the news of the death of President Harding. There was another administration of the oath a few days later in Washington.

It will be interesting to see which course is followed by President Eisenhower, but if the present critical state of world affairs persists until January, we imagine no chances will be taken of having the nation caught without a Chief Executive fully certified down to the most minute detail.

## Do Russians Think They're Kidding Us?

By ED CREAUGH

Associated Press News Analyst

WASHINGTON (AP)—Do the Russians really think they're kidding anybody?

This latest dodge of theirs, for instance: They'll pull their troops back from Eastern Europe if the United States and its allies will tear down their "foreign" bases.

Soviet Foreign Minister Dmitri T. Shepilov cast this artificial bait before the United Nations General Assembly yesterday.

He told the Western powers — meaning us, for the most part: "As soon as you withdraw your troops from Western Germany, as soon as you liquidate your military, air and naval bases on foreign territory, we shall also withdraw our troops from the countries where they are stationed under the Warsaw treaty."

Well, as an American commander told some Nazi-bossed Germans when they asked him to surrender in World War II: Nuts.

The Warsaw treaty of 1955 was a shotgun marriage, if ever there was one. It talked about "mutual friendship and assistance" between the Soviet Union and seven stouge countries. But Hungary is one of those countries, and the Russians are slaughtering Hungarians under that treaty of "friendship and assistance."

Replying to Shepilov, U.S. dele-

gate Henry Cabot Lodge Jr. said the U.S. overseas bases were less a menace to peace than was Soviet military activity in Hungary.

The question always boils down to: What are the Russians up to?

And what do we do about it?

With a lot of luck, we may not have to do anything. The Russians may shoot themselves to pieces.

V. M. Molotov's appointment to a new post could mean a step back toward Stalinism, although officials in this country don't think so.

Molotov, as Russian foreign minister, made something of a career out of hating the Western world. Meaning us, for the most part. He got fired from the post, in favor of Shepilov, a little more than six months ago, though he continued as first deputy premier. Now he's back in still another role.

Is the old guard climbing back into the saddle? Or is this new job — minister of state control, as they call it — just a gentle way of brushing the ill-tempered old Bolshevik out of sight?

If so, will he put up with it? Will the other tight-lipped old

Stalinists, with their ignorance and distrust of the Western world, go along with him? Could they stir up a revolt? Could they get the Red army behind them?

Our government's best information is that no revolt against the current Soviet regime is in sight, by ex-Foreign Minister Molotov or anyone else.

Still, our planners don't abandon the possibility — especially when events in Hungary are still undetermined.

And when Bulgaria is getting a threat, at least, of Hungary's punishment, even though no revolt is known to have broken through there.

And when there are mutterings against the Bulgarian regime in Yugoslavia, which acts like it may have recovered from the Soviets' wooing, and in India.

In short: We can hope. But we'd better not get confident. The Russians have been known to pull themselves together before, sometimes at the cost of some corpses. And they're busy as bees right now trying to pull the rug from under the West in the vital regions east and west of Suez.

### Your Child's Health—

## Retarded Children Benefit From Increased Research

By EDWIN P. JORDAN, M.D.

As time goes on society learns how to handle its problems. For example, it was not too long ago that people who ran up debts which they were unable to pay had to languish in "debtors' prisons" sometimes for months or years on end. Also, it was not too long ago that the mentally ill were locked up, chained or otherwise confined without any attempt to treat them.

Today, one of the problems being overcome is the management of children who are mentally retarded.

There are many ways of looking at this question. One of the most important, surely, is that there is great variation in the degree of mental retardation and, consequently, in how the individual child should be handled.

The extreme importance of recognizing this fact can be seen from the figures: Three out of every 100 children born are destined to be mentally retarded. They will range from some who are intellectually totally helpless to others who are only slightly different from the "normal."

As has been pointed out in a pamphlet published by the National Association for Retarded Children (99 University Place, New York 3), there is no simple or universal plan that can be applied to every mentally retarded child and his family. There are other factors in addition to the degree of mental retardation.

The possibilities for the future training of the child must be determined. There is also the economic situation of the family and the facilities in the community for caring for the youngster. These bear on the difficult decision as to whether the child should be cared for at home or in a state or private institution.

The care or treatment of the mentally retarded youngster is thus a problem which affects millions of our citizens.

Fortunately, it is being handled with increasing intelligence, understanding and sympathy as time goes on. Research should be pressed to the fullest possible extent.

There are many possible causes for mental retardation, some of them occurring before birth, some

during birth and some shortly thereafter.

In some there are already clues to prevention, such as protecting mothers-to-be from German measles during pregnancy.

It is my personal view that research into causes is likely to prove more fruitful over the next few years than new developments in treatment. This is because (while we can and should improve

## Thinking It Over

By Robert L. Dieffenbacher, D.D.

Memory is determined largely by the repetition of telling. The poems and the scripture which we memorized as children remain with us because we repeated them so many times. We said the lines to our parents, to our teachers and to ourselves.

We rebelled at the idea of memorizing. We wanted to know why we had to learn such "nonsense." Sometimes we did not understand the meaning of the words. But as we went through life we discovered applications of the thoughts to problems and to daily living.

"The wasted time" of yesterday became a framework of ideals, ambitions and better living for today. The mottoes and religious quotations which we learned became stabilizers tossed on the stormy sea of materialism.

The experiences which we have had and which we have told to others or retold to ourselves have helped to determine our later patterns of life. Some of these experiences have not been good, and the repetition of telling these rough, disheartening or degrading experiences has not influenced our lives for the better.

We must choose wisely the experiences which we relate. We must witness to others for good and for God. Our witness may not be long remembered by others, but our witness will strengthen the structure of our own lives for the future.

## X-Ray Pioneer Viewed As Near Martyr to Humanity

By PETER EDSON

NEA Washington Correspondent

WASHINGTON (NEA)—One of the most dramatic stories of the late political campaign period was the report from Chicago on the 90th operation performed on Dr. Emil H. Grubbe, 81, noted American pioneer in the use of X-rays.

This story didn't get nearly the attention it deserves, in proper connotation. At first glance it might seem to have nothing to do with politics. It doesn't—directly. But it does have a bearing on the banning of hydrogen bomb tests.

Sixty years ago, when young Grubbe was only 21, he was the first American to use the then-new X-rays to treat a woman suffering from breast cancer in a Chicago hospital.

This was an historic event in American medical annals. The young scientist wasn't even a doctor at the time. He was a student physicist. He made his own X-ray vacuum tubes, following the experiments of German scientist Wilhelm C. Roentgen.

The nature and power of the X-ray were not fully understood at that time. Over-exposure to radiation caused young Grubbe's left hand to swell. In time his hand had to be amputated. Then other parts of his body began to be affected by the mysterious X-rays.

Over the next half-century, after he had himself become a graduate physician, Dr. Grubbe became a leading teacher of other young doctors in the use of X-rays for human therapy. His students numbered over 7,000 at the time of his retirement, seven years ago.

But in this period Dr. Grubbe has been forced to undergo 90 operations for the removal of tissue and bone burned by X-ray. His most recent operation was for the removal of his nose and the right side of his face.

Dr. Grubbe has taken this suffering without complaint. He considers himself a human laboratory subject for the increase of knowledge on the effects of one of the most deadly and at the same time one of the most beneficent forces in nature.

The moral of this story of prolonged near-martyrdom is to be found in the political campaign debate over the banning of hydrogen bomb tests.

The subject should probably never have been brought into the campaign in the first place. It isn't a political issue.

But now that the election is over, scientists believe it should be considered on its own merits by non-partisan experts as a simple measure of safety first for the human race.

Man's knowledge of the hydrogen bomb and its deadly fallout is today just as limited as man's knowledge of the X-ray 60 years ago, when Dr. Grubbe was making his first experiments.

This fact explains why some scientists say there is no danger from fallout at the present rate of bomb testing, and why other scientists say that it is extremely dangerous.

They don't know for sure because the human race hasn't lived long enough under the effects of these bomb tests for the scientists to find out.

True, the knowledge of radiation measurement and the science of detecting physical and chemical changes from radiation are more advanced than they were 60 years ago.

By dint of stringent scientific discipline the whole atomic energy industry has turned in an amazing safety record. There have been only a few lives lost from atomic energy radiation and the by-products of nuclear fission and fusion explosions. Those who have been burned were mostly victims of their own carelessness.

But if this record is to be maintained, there must be still greater safety precautions. The uses of atomic energy are expanding rapidly, year by year. More and more people run the risk of radiation exposure.

Sixty years from now it may be too late to correct the injuries to a whole generation of Emil Grubbes subjected to the now not completely known dangers of fallout from too many hydrogen bomb tests.

### Ruth Millett Says—

## Consideration Makes You 'Parent' Instead of In-Law

Want a recipe for making yourself welcome and completely at ease in the home of your married son or daughter?

Well, you'll find it in this letter from a young wife. She writes:

"I used to wonder why it was that my husband always seems as comfortable and easy around my parents as I do, and why he has always seemed just as pleased as I when they came for a visit.

"Now I think I've figured out why. In the seven years that we have been married, my parents have never made a single critical remark about my husband. They have never even hinted that he might have a fault.

"Not only that, but they never miss an opportunity to build him up and make him feel pleased with himself. And they always treat him like the head of his own home.

"I'm sure that is why my husband feels so comfortable around my parents and why I feel so comfortable when we are all together.

"He never has to defend himself, and I know I'll never have

to defend him. I know so many marriages where parents are so definitely 'in-laws' to one half of a couple I just wanted to write and tell you how it works when parents act like 'parents' to a couple, instead of just to their own child."

There's the recipe. If you want to feel at home in your married child's house set the stage for easy companionship by your complete acceptance and approval of your child's marriage partner "as is."

Remember that you are visiting "your children," not just your son or daughter, and you won't make any of the common mistakes of visiting in-laws.

## Sunday School Lesson Notes:

By WILLIAM E. GILROY, D.D.

In addition to my own library of religious books, which go back to early in the present century, I inherited the library of a scholarly English minister, who had kept well in touch with the religious thought and literature of the latter part of the nineteenth century.

As I look over these books I am impressed with the number that deal with what was once called "the plan of salvation," and that discuss at great length various theories of the Atonement. I have not of late come across that phrase "the plan of salvation."

I think there has been a tendency to concentrate more upon the fact and experience of salvation without much regard to plan.

When one contemplates the number of religious books of a generation or two ago, once widely read and circulated, one cannot but wonder how many of today's theological books will be equally obsolete 50 years from now.

I think that "obsolete" is the word, though truth does not change.

It is a gain that religious attitudes today are less speculative than formerly; with less human presumption in attributing to God much concerning which only God could know.

There would have been less talk about "the plan of salvation," and less speculation concerning the Atonement, if there had been a

more fitting appraisal of the greatest Parable of Jesus—the Parable of the Prodigal Son.

Much interest, of course, has centered in that Parable, but it has chiefly been thought of as a human story.

Yet the heart of the Gospel is there, and in the Parable the "plan of salvation" is clear and simple. It is not in man-made speculation about the nature of the plan, but in the grace of a loving Father.

If there were doubt about the Gospel consisting in this, rather than in some more elaborate plan, Jesus made it clear elsewhere, when He spoke of human and divine fatherhood. The implications of the Parable are enforced in the words of Jesus in Luke 11:9-11.

"What man is there of you, whom if his son ask bread, will he give him a stone? . . . If ye, then, being evil, know how to give good gifts unto your children, how much more shall your Father which is in heaven give good things to them that ask Him?"

And for what "good thing," or for better thing, could one ask than for God's pardoning grace?

The Fatherhood of God means the brotherhood of man. The parables recorded in Luke's Gospel in their simple presentation of the Gospel as they bring men closer to God bring men nearer to one another.

Five medium-sized beets (about one pound) will make servings for four.

## Church Will Hold Preaching, Teaching Days

Following a successful calling campaign by the members of First Christian Church a three-day Preaching - Teaching Mission is planned. Sunday, Nov. 25, will be decision day in the church with two services, the regular morning service at 10:40 and the evening service at 7:30. The morning sermon will be "Marks of Discipleship" and at the 7:30 service the theme will be "Our Heritage As Disciples."

There will be a baptismal service in the afternoon.

The Mission services will continue with a service at 7:30 Monday when the sermon will be "Beliefs That Determine Life." Tuesday evening at 7:30 Dr. Williamson will speak from the theme "Ordinances and Practices of the Disciple Brotherhood." There will be a coffee hour following each service when discussion will be possible. The public is invited to all of the services which will bring a survey of the history, doctrines and practices of the Christian Church or Disciples of Christ.

The evening messages will be delivered by Dr. S. P. Williamson who is serving as the ad interim minister of the church.

An interesting feature of Tuesday evening immediately following the mission service will be the presenting of the "March of Medicine" television program in the Fellowship Hall.

## Church In Oklahoma—Former Sedalian Is Named The Rural Minister of Year

The Rev. August E. Williams, 37 to about 400, and Sunday school enrollment from 29 to 230. A new auditorium of permanent masonry seating 225 has been erected and new parsonage built, much of the work being done by the pastor's own hands.

When he became pastor there were four Sunday school class rooms. Now there are 16 Sunday school classes, beginners through adult.

Williams has baptized 136 persons into the church during his ministry, and within the last three weeks 16 have joined.

Training union enrollment now exceeds 105, and 89 children attended last summer's vacation Bible school.

During the past year the parsonage has been remodeled, the old church auditorium rebuilt for an educational building, improvements made in the church nursery and kitchen, new sidewalks installed, and new hymnals purchased.

The citation presented to Williams points out that he was designated as rural pastor of the year "in recognition of outstanding leadership in his rural church and denomination, the development of rural community life and cooperative work with agencies and organizations which have for their goal the creation of better rural living for all people."

He is married and has two sons, Ross, 9, and George, 6.

In addition to his church activities, Williams is active in school work and a member of the Boy Scout committee. He looks upon the rural church as ministering to all of the people of the community. He also is active in denominational affairs, being treasurer of the association.

In recommending Williams for the award, Dr. Karl H. Moore, pastor of First Baptist Church, Ardmore, and moderator of Enon Baptist association said, "I commend Brother Williams as one of the very finest country pastors I have ever known. He has stayed on the job, built a church and parsonage, and has grown in the hearts of the people where he lives."

The Rev. Davis D. Barber, missions superintendent for Enon association, pointed out that Williams "has had several chances to leave Dickinson church for larger salaries and better opportunities but refused to leave."

Dickson is the only church in which Williams has been pastor. He first went to the church as a student pastor when a college sophomore in 1948, continuing full-time upon graduation from Oklahoma Baptist university.

During the eight years that Williams has been pastor, church membership has increased from

Evangelical Church To Hold Memorial Services on Sunday

Memorial Sunday will be held at Immanuel Evangelical and Reformed Church Sunday morning, in which those members and friends of the church who died this past year will be remembered.

Explorer Post No. 57 will meet Monday, 7 p.m., and the Boy Scouts on Tuesday, 7 p.m.

Tuesday and Wednesday after school and in the evening the National Youth Association of the denomination will meet with the youth of Immanuel Church. The associate, Allan Blume, is taking a year out of Eden Seminary for the purpose of assisting youth groups with their programs.

Dr. Elmer L. Hobbs, pastor of the First Methodist Church, continuing his series of sermons on the beatitudes will use for his sermon subject next Sunday "The Eyes of the Heart." The Chancel Choir will sing "The Beatitudes" by Malotte and the Chapel Choir will sing "He Leadeth Me" by Tucker. The Methodist Youth Fellowship will meet in the evening at 6:30 o'clock.

At the Fellowship Dinner on next Wednesday night there is to be a service for the presentation of the charter to the Boy Scout Troop sponsored by the church. The Workers' Conference of Church School workers will meet on Thursday night at 7:30.

## First Baptists To Hold Week Of Evangelism

The First Baptist Church will have a Week of Evangelism beginning Sunday and extending through Dec. 2. The Rev. O. V. Dodson, pastor of the First Baptist Church at Nevada, will be the guest preacher for this special week and Carl Yessen will lead the singing.

Rev. Dodson is one of the young preachers of the state and is recognized as a leader and preacher of outstanding ability. Carl Yessen, a member of the First Baptist Church, has led the singing on other occasions.

Two services will be held on each of the two Sundays of the week at 10:45 a.m. and 7:45 p.m., and each evening during the week, Monday through Friday at 7:45 p.m.

Monday evening the men of the church will take the lead in building a good congregation. On Tuesday evening the women of the church will lead out in this regard. All departments of the Sunday School are expected to help furnish a good congregation on Wednesday. The Training Union will seek to build a good attendance on Thursday. On Friday evening all members are asked to invite a guest and be present with them on that occasion. Youth night will be Saturday.

The public is cordially invited to attend.

Dr. Walter to Show Slides on Russia To Church Laymen

The Rev. D. Warren Neal will take for his theme "Christ's Doctrine of the Extra" for Sunday morning services at the Broadway Presbyterian Church.

Dr. A. L. Walter will show slides of his recent trip to Russia at the meeting of Broadway Laymen on Tuesday evening at 6:30.

The Mariners Club will meet on Wednesday at 6:30 p.m. for a covered dish dinner and election of officers. Hosts and hostesses for the evening will be Mr. and Mrs. J. F. Schumacher, Mr. and Mrs. Cleo Cecil, Mr. and Mrs. Nathan Jones and Mr. and Mrs. O. W. Wiley.

St. Paul's Church To Hold Communion

Holy Communion will be celebrated at St. Paul's Lutheran Church Sunday in the 8 and 10:30 services. The pastor's sermon topic will be "Be Ye Wise."

The congregation's semi-annual fellowship evening will be held Sunday night at 6:30, beginning with a pot-luck supper. By means of these fellowship evenings the members of the congregation have an opportunity to become better acquainted with one another.

A Thanksgiving Day service was conducted at St. Paul's Lutheran Church on Thursday morning at 10:30.

## LaMonte Cage Teams Lose 2 To College Hi

The LaMonte High School Vikings dropped a double-header basketball meeting to the College High of Warrensburg teams Tuesday night. The first game between the "B" teams was lost 23-61 and the second, a Varsity tilt was lost by a narrow margin of two points, 46-44.

In the "B" game, Rickman of College Hi was the top scoring player with 11 points while Hall of LaMonte carried the scoring for his team also with 11.

Score by quarters:  
LaMonte 9 3 7 4-23  
College Hi 13 16 19 13-61

College Hi in the Varsity game jumped to an early lead and was able to maintain it to the last. LaMonte was unable to get warmed up in the first quarter and was outscored 13-5. They played a knotted second quarter of 12-12 to trail at the half 17-25. In the second quarter it appeared as if the Vikings had found their bearings and began hitting the basket, outscoring their opponents 14-8, but were held even in the fourth quarter, 13-13.

Finke of the LaMonte team was high point man with 24 points while Fisher was the scoring department for College with 18 points.

Score by quarters:  
LaMonte 5 12 14 13-44  
College Hi 13 12 8 13-46

LaMonte will journey to Cole Camp on Friday night to play both Basketball and Volleyball in Pettis Benton County Athletic Association conference games.

## St. Benedict's Wins Bowl Game From Atchison

EXCELSIOR SPRINGS, Mo. (AP)—St. Benedict's College of Atchison, Kan., twice stopped North-east Oklahoma State drives within its own five-yard line in the final minutes to take a 14-13 decision yesterday in the annual Mineral Water Bowl football game.

The Ravens took a 7-0 lead in the first quarter when halfback Fred Finner scored from the one-yard line, climaxing a 70-yard St. Benedict's drive.

Quarterback Mark Flynn kicked the first of two conversions, the final one proving the margin of victory.

The Oklahoma Redmen from Tahlequah knotted the count when halfback Dan Smith tallied on a 16-yard run in the third period.

St. Benedict's gained its second touchdown several minutes later when Flynn and Finner combined on a 40-yard pass play.

Northeastern's final tally came late in the third period on a 60-yard sprint by Dan Smith.

Honors as the outstanding line-man went to end Don Schmidt of St. Benedict's. Mark Flynn of St. Benedict's and Dan Smith of Northeastern Oklahoma were cited as the game's outstanding backs.

The victory was the sixth in the last seven games for the Atchison team, which was making its initial appearance in a bowl game.

## High School Girls To Play Annual Game In the Powder Bowl

DALLAS (AP)—The gentler sex is preparing for the second annual Powder Bowl football game tomorrow which matches the junior and senior class at Highland Park High School.

So far the juniors have suffered a broken shoulder, a dislocated jaw and a sprained ankle.

## Sedalia Basketball Officials to Meet At School Monday

The Sedalia Basketball Officials Association will hold an important meeting Monday evening at 7 o'clock at Horace Mann School. All officials are requested to bring their schedule of dates and where they are slated to referee. If any officials are unable to attend, they are requested to send their schedule to the meeting by someone else.

Rules changes and other important topics will be discussed.

## Americans In Fast Takeoff In Olympics

MELBOURNE (AP)—Charlie Dumas, 19, a lanky Los Angeles collegian, set a new Olympic high jump mark today as the United States team began to hoard gold medals on the first full day of actual competition.

Except for a surprise defeat by the Yale crew in the eight-oared competition at Ballarat, the suspension of a hammer thrower and the barring of two boxers, things ran true to form for the strong American team.

Dumas won a dramatic duel with an unheralded Australian in the gathering gloom with a leap of 6 feet 11½ inches—one inch short of his own world record.

Charles Vinci Jr., 23, of York, Pa., a bantamweight weightlifter, also grabbed a gold medal for Uncle Sam, smashing both the world and Olympic records on the way to a triumph over the Russian contender.

Vladimir Kouts, a sinewy Russian naval officer from the Ukraine, won the 10,000-meter race for his nation's first track and field victory in Olympic history to emphasize that Russia is no idle threat to American supremacy. Although Kouts didn't approach his own unofficial world mark, he broke the Olympic record and official world figure with a smashing performance in 28 minutes 45.6 seconds.

As he thrashed down the final straightaway, the blond Russian looked like another Emil Zatopek, the Czech runner whose record he erased.

Olga Fikotova of Czechoslovakia first track and field gold medal winner of 1956 set the style by also breaking the Olympic standard with a mighty toss of 53.69 meters—176 feet 1½ inches—in the women's discus. The old record was broken four times during the competition in which the Russians took three of the first six places. Earlene Brown, 21, a Los Angeles housewife, surpassed her best previous performance with a toss of 168 feet 5½ inches, good for a surprise fourth place.

As expected the American stars in the shorter distances easily qualified for the finals. Bobby Morrow, the speed demon from Abilene Christian in Texas, and Ira Murchison of the U.S. Army each tied the Olympic record by winning their 100-meter heats in 10.3 seconds. This pair and Thane Baker of the Air Force, another heat winner, will carry U.S. hopes in tomorrow's final.

Albert Johnson rode the first two winners of the Pimlico Futurity. He scored with Morvich in 1921 and the following year won with Blossom Time, longest price ever to win the race at \$117.

## Vols Face Triple Challenge--

## Teams Renew Drives Toward Invitations to Bowl Games

By DON WEISS  
The Associated Press

Tennessee, Georgia Tech, Texas Christian, Pitt, Clemson, and even four-times beaten Duke renew their push toward bowl invitations tomorrow in the season's last big college football Saturday.

The Vols from Tennessee face a triple challenge. The rich plum of a Sugar or Cotton Bowl invitation, first place in the Southeastern Conference and, conceivably, top ranking in the Associated Press' nationwide poll will be dangling before them as they meet Kentucky.

Tennessee, winner of eight straight, has slipped to second place nationally behind Oklahoma after a week as No. 1 in the AP ratings.

After their Southern feuds with Georgia Tech and Mississippi the last two weeks, the Vols might find always tough Kentucky difficult to handle. Should they falter, either Tech or Florida would be pleased to assume the conference leadership.

Tech, which may get the other of the bowl assignments Tennessee doesn't take, runs into fast-improving Florida itself, which is a bowl ineligible because of probationary status but still has a shot at the conference championship.

Texas Christian, with the inside track to the hot spot in the Cotton Bowl with Texas A&M ineligible, plays Rice in a Southwest Conference feature, and Pitt, leading eastern candidate for a major bowl along with Syracuse, meets capable Penn State.

In the Atlantic Coast Conference, Clemson (3-0-1) plays Virginia and Duke (3-1) is at North Carolina to continue the three-way scramble with South Carolina for representation against Colorado of the Big Seven in the Orange Bowl.

South Carolina passed its latest test Thanksgiving day by defeating Wake Forest 13-0 to run its conference record to 5-2.

Oklahoma, a non-bowler because of the Big Seven's no repeat rule, will have to content itself with making Nebraska its 39th straight victim. Iowa, set for the Rose Bowl against Oregon State, meets Notre Dame, Yale bids for the first official Ivy League title against Harvard and UCLA and Southern California have their annual bruiser in the national TV game, Miami, unbeaten but tied, plays West Virginia tonight.

Other major games show Michigan at Ohio State, Kansas State at Michigan State, Minnesota at Wisconsin, Illinois at Northwestern, Columbia at Rutgers, Dartmouth at Princeton, Iowa State at Villanova, Indiana at Purdue, Wichita at Tulsa, Mississippi Southern at Alabama, Florida State at Auburn, Baylor at SMU, Houston at Texas Tech, and Washington at Washington State.

Oregon State's Beavers, in their final warmup for Iowa on New Year's Day, got a hotfoot from Oregon's Webfoots Thursday in the co-feature of the holiday program. The Beavers, who have clinched the Pacific Coast Conference crown, were held to a 14-14 tie.

Other top scores were Cornell 20 Penn 7, Richmond 6 William & Mary 0, Brown 20 Colgate 0, Denver 39 Colorado A&M 13, Maryland 25 North Carolina State 14, Utah 29 Utah State 7, Virginia

Tech 45 VMI 0, Miami (Ohio) 27 Cincinnati 13, Washington (Mo) 40 Washington & Lee 19, and Idaho 14 Montana 0.

## Warrensburg Players Lead All-Star Team

WARRENSBURG (AP)—Players from Rolla and Warrensburg State, co-champions of the Missouri Intercollegiate Athletic Assn., dominate positions on the conference's 1956 all-star football team.

John Waldorf, MIAA commissioner, announced yesterday that Rolla's Miners had five members on the first team and Warrensburg's Mules three.

Two members of the first team received unanimous votes from all coaches in the conference, thus making them co-captains. Twelve players were named to the first and second teams because of the closeness of the voting, Waldorf said.

First team:  
Ends — Don Roth, Rolla; Robert Cross, Warrensburg.

Tackles — James Wright, Rolla (co-captain); Jack Luschen, Warrensburg.

Guards — Glen Gladstone, Cape Girardeau; Tom Herrick, Rolla.

Center — Ben Koenenman, Springfield.

Fullback — Jack Perrin, Kirksville.

Quarterback — Roger Feaster, Rolla (co-captain).

Halfbacks — Robert Helm, Rolla; Stan Hensley, Warrensburg; and Mickey Mallen, Maryville.

Second team:

Ends — Victor Cromer, Maryville; Ed Hull, Kirksville.

Tackles — Bill Kaczmarek, Springfield; Robert Haller, Kirksville.

Guards — Delbert Bryant, Warrensburg; John Schulze, Maryville.

Center — William Varga, Rolla.

Fullback — Charles Fitzgerald, Kirksville.

Quarterback — Norman Brooks, Warrensburg.

Halfbacks — James Toier, Springfield; Gene Augustine, Warrensburg; and Tom Brenneke, Cape Girardeau.

End Bob Cross of Warrensburg was the top individual scorer in the MIAA with 26 points. Halfback Stan Hensley of Warrensburg was the high individual scorer for over-all season play with 48 points.

Mills of Kirksville was the leading conference rusher with 347 yards. Ron O'Dell of Maryville led the passers with 23 completions of 42 attempts. Another Maryville player, Mickey Mallen, was the leading pass receiver with 335 yards on 23 catches.

World Series Drew 345,903 Fans  
NEW YORK (AP)—The 1956 World Series attracted a total of 345,903 paid admissions. The largest crowd was 73,977 for the Saturday game in Yankee Stadium. The best previous one-day Series crowd was 78,102 at Cleveland's Municipal Stadium for the fourth and final game against the New York Giants, Oct. 2, 1954.

## Lions Believe Rote Is Sure To Play Again

DETROIT (AP)—Tobin Rote, one of the "old pros" who has a habit of saying each year that "this is my last season," has convinced the Detroit Lions—and a lot of other people, too—that retirement may be quite a few seasons away.

The 27-year-old Green Bay Packer quarterback completed 11 passes for 166 yards in a furious fourth-quarter explosion yesterday that overcame the stunned Detroit Lions 24-20.

Two of the passes were for touchdowns, one to Fred Cone and the other to Bill Howton, the National Football League's top pass receiver. Rote scored the other fourth-quarter touchdown on a two-yard sneak as 54,087 chilled spectators and a national television audience looked on.

Rote's performance threw Detroit into second place in the Western behind the explosive Chicago Bears who have lost only once against seven victories.

Rote had 21 completions in 40 attempts for 289 yards. For the season he has completed 112 of 234 for 1702 yards.

The Detroit defense hadn't yielded a touchdown in nine periods until Rote sneaked over to cap a 51-yard drive in the opening minutes of the fourth quarter.

Less than three minutes later, the Lions—who grabbed a 13-3 lead after three quarters—struck for another touchdown that apparently put the game out of reach for the Packers.

But within the space of about four minutes, the one-time Rice star directed two breathtaking scoring bursts that dealt Detroit its second setback, and ended a four-game Packer losing streak.

"He said before that this is his last year," said Coach Liz Blackburn, "but we're not taking it too seriously—especially after the way he looked today."

## Several Teams Will Play Last Game of Season

KANSAS CITY (AP)—The Big Seven Conference sends four of its teams into action for the last time this season in one league and three non-league games tomorrow.

However, Colorado, one of the four, will be back on the gridiron New Year's Day as the conference representative in the Orange Bowl.

The Golden Buffaloes will be chasing their seventh victory against two defeats and one tie when they meet Arizona at Tucson tomorrow.

Kansas State closes out at Michigan State in what promises to be the Wildcats' seventh setback against three decisions.

Iowa State, which has won only two of nine games, goes to Villanova.

It also will be the last game for Vince DiFrancesca as head coach of the Cyclones. He announced his resignation several weeks ago.

Nebraska wraps up its first season under Coach Pete Elliott in a league game at Norman against Oklahoma, where Elliott was assistant to Coach Bud Wilkinson until this year.

Missouri and Kansas have the week off, ending their season next week at Columbia against each other.

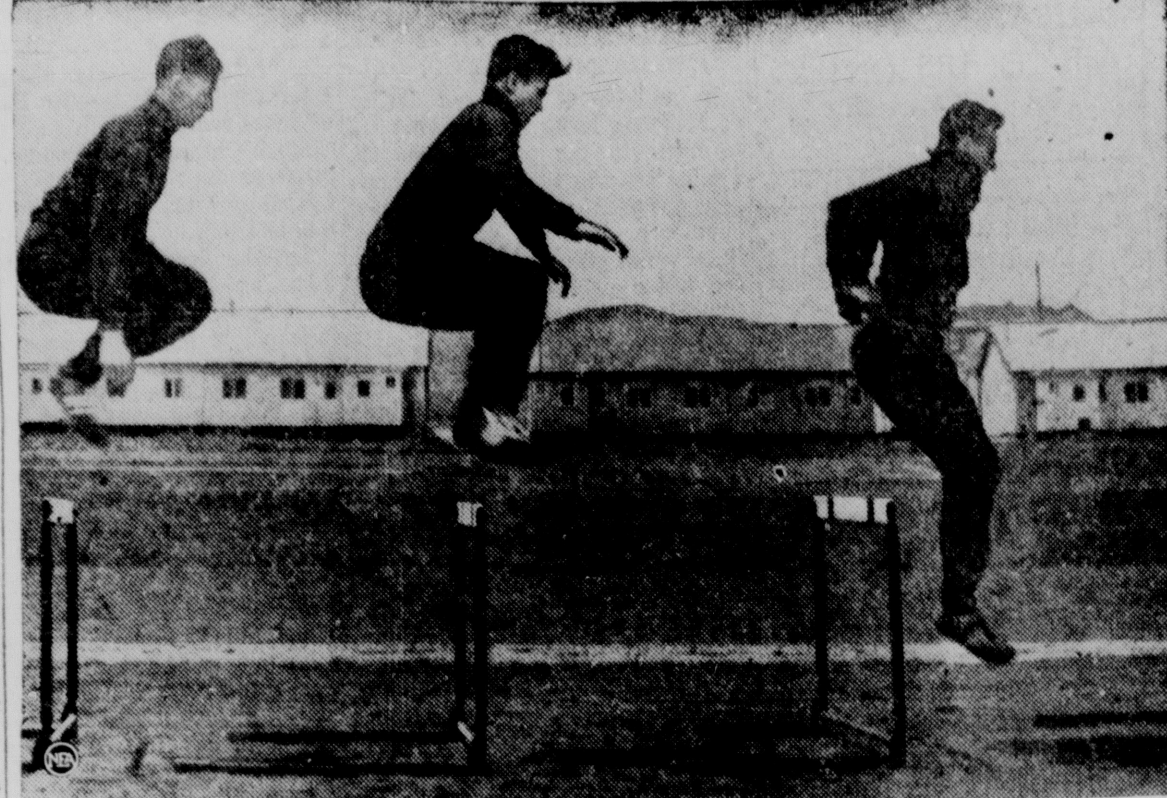

Oklahoma also bows out next week in a game with cross-state rival Oklahoma A&M.

Nebraska is 4-5 for the season, Oklahoma 8-0, Missouri 3-5-1, and Kansas 3-5-1.

## Former Champion Will Fight 10-Round Match In Garden Tonight

NEW YORK (AP)—Tony DeMarco, the former welterweight champion from Boston, appears at Madison Square Garden tonight for the first time in five years to take on Gaspar (Indian) Ortega, a tough little Mexican, in a 10-round match.

Since failing to regain his title from Carmen Basilio a year ago, the 24-year-old DeMarco has won four in a row from Wallace (Bud) Smith, former lightweight king, Arthur Persley, Vince Martinez and Kid Gavilan, the ex-welter champ.

DeMarco is a knockout puncher with a chilling left hook while Ortega never has been stopped in 42 professional fights. Ranked No. 1 challenger by both Ring Magazine and the National Boxing Association, DeMarco still has

hopes of a third match with Basilio who knocked him out twice. Ortega is a lanky Mexican who has won four of six this year. His lifetime record is 35-7 with 15 knockouts. DeMarco is a heavy favorite in the 10-round main event that will be carried on NBC radio and TV starting at 10 p.m. EST.

## Actress Has Same TV Role As Stage Play

NEW YORK (AP)—Nanette Fabray, who is as intelligent as she is attractive, was talking the other day about transposing entertainment from one medium to another.

Specifically she was talking about "High Button Shoes," in which she appeared on Broadway. Tomorrow she will appear in the NBC-TV adaptation of that musical with Hal March and Don Ameche.

"For one obvious thing," said Miss Fabray, "there are less than 90 minutes for the television version of 'High Button Shoes,' which is a good deal less than the running time on Broadway. Even though the time is shorter, more plot is essential than in a stage musical.

"That's because television is an intimate medium and only one or two people can come on camera at a time. When you have 15 or 20 people running around a big Broadway stage, your attention shifts from one to another and you establish their identities. But a home audience would be confused if the camera shifted from one to another as your eyes shift on a big stage. So some characters are deleted and more emphasis placed on the others with the result that the plot is intensified.

"Doing a Broadway show for television is a problem. How are

you going to maintain the scope of a big show in the warm, intimate medium of the TV camera? In 'High Button Shoes' it seems to me that this problem has been solved beautifully."

One reason she likes working in television is a reason you've probably not heard advanced by any other actress — and it's an interesting one.

"In television, except on the night show, you work through the day and lead a more normal life than in the nightwork of the stage. In television you can go home in the evening or go to the theater and watch others perform."

## Marshall Field Leaves Millions To Foundation

NEW YORK (AP)—Marshall Field III, who died here Nov. 8 at the age of 63, has bequeathed more than 30 million dollars to the Field Foundation, Inc., for philanthropic purposes.

The terms of the will of the late publisher and philanthropist were announced here by John F. Wharton, a lawyer and executor of the estate.

The residuary estate, the value of which was not stated, will go to Field's only son, Marshall Field Jr., who is also an executor of the estate. The son is editor and publisher of the Chicago Sun-times, which his father founded.

Mrs. Ruth Prun Field, his widow, will receive \$1,000,000 in cash and the family homes on Long Island, on Park Avenue in Manhattan and in South Carolina. \$100,000 each.

Field inherited 160 million dollars from the real estate and department store fortune of his grandfather. His law firm, Paul, Weiss, Rifkind, Wharton & Garrison of this city, said Field gave "a substantial part" of his inheritance to his family and to charity during his lifetime.

The Field Foundation was set up in 1940 for charitable, scientific and educational purposes.

## Night Club Singer Gets Movie Role

HOLLYWOOD (AP)—Julie Wilson, her remarkable figure encased in a \$2,000 beaded gown, has finally made it to the movies.

The gorgeous chanteuse is filming her first Hollywood picture, "This Could Be the Night."

It's a wonder she hasn't made it before now. For over a decade, her beauty and sultry style have made her a hit on the night club circuit. But the movies strangely passed her by.

"I had just about given up hope," she remarked. "I figured maybe I wasn't right for movies."

What a silly notion. She can sing and she has a lovely face plus a figure that would have been likened to an hourglass in another era. "I'm just under 5 feet 7 and generally weigh 120 pounds," she explained. "People seem to like me this way — sort of filled out. They think it makes me more appealing."

The padded look comes naturally to her, since she's a corn-fed gal from Omaha. She got her first professional chance at 16 — a role in "Knickerbocker Holiday." Then she took off with a touring com-

# Franco-German Love Match May Top Rainier Wedding

By ROSETTE HARGROVE  
NEA Staff Correspondent

PARIS — (NEA) — The most important marriage to be celebrated in France since Napoleon III wed Princess Eugenie will culminate a Franco-German royal love match early next summer, and as far as European royalty is concerned it will make that Rainier-Kelly wedding in Monaco last spring look like a musical comedy.

The groom will be 23-year-old Dauphin, Henri of Orleans. His father is the Comte de Paris, Pretender to the Throne of France, and since Henri is the oldest son, he'll be Pretender some day, too.

His bride-to-be is 22-year-old Marie-Therese of Wurtemberg, who came to Paris to brush up on her French and went home with an engagement ring. Her father is Duke Philip of Wurtemberg and her mother is Arch-Duchess Rosa of Austria.

That should be enough blue-blooded lineage to top Monaco hands down, but it doesn't stop there. Both prospective fathers-in-law are cousins. And both are great-grandsons of Louis-Philippe, last of the French kings to reign.

The wedding will take place in the royal chapel at Dreux, burial place of the Bourbon dynasty, and you can get some idea of how royally feels about it from the fact the engagement was celebrated with a torchlight procession at the historic castle of Althausen, home of Marie-Therese's father.

The Dauphin and the pretty blonde Duchess met last year at the Comte de Paris' rambling family home a few miles outside Paris, where he established residence on his return from exile.

Marie-Therese, who had plans for a career as a U.N. interpreter, had been sent there for a visit while she boned up on languages. The engagement changed her plans. She has since begun a course in child welfare.

The career idea came about because European aristocracy often finds it necessary to be able to earn a living these days. Henri's education has been strictly on princely lines as a candidate for the throne, with not much chance of a job opening up in that field. But there's not much chance his bride-to-be will have to be the breadwinner. Both families are extremely wealthy.

Marie-Therese, a simple, unaffected "invisible Duchess," is an excellent sportswoman, especially skilled at riding and skiing. She designs and makes her own clothes, and pays no attention whatsoever to such modern fad-dol as "berce-roulee," which is French for rock-n-roll.

Henri, whose 10 brothers and sisters call him "Titou," is a serious, tweedy young man who is a passionate mountain climber and a great skier. Right now he's a student at the Institute of Political Sciences. He is a stickler for work and despises what he calls the "useless social whirl."

Like any other Frenchman, he will have to serve a stint in the Army, and will join the Tank Corps, in which he's had preliminary training, after his wedding. Before he does, however, he and Marie-Therese will go around the world for a three-month honeymoon.

Henri's sister, 22-year-old Princess Helene, will beat him to the altar. The same day his engagement was announced, she announced hers to a Belgian aristocrat, 28-year-old Count Evrard de Limbourg Stirum.

They'll be married in the royal chapel at Dreux, too, early next spring. It will be quite a year for Europe's royal set.

## Governor Elect Accuses Shivers Of Vote Delay

DALLAS (AP)—Democratic Governor-elect Price Daniel accused Gov. Allan Shivers yesterday of preventing immediate election of Daniel's Senate successor and hinted Shivers wants to appoint a Republican.

Shivers, a Democrat, supported Republican Dwight D. Eisenhower for President in 1952 and this year.

Daniel resigned effective Jan. 15 or as soon as a successor was elected. Shivers said the resignation was not effective until Jan. 15, the day Daniel is inaugurated. He called on the junior senator to submit an unqualified resignation.

Daniel refused, saying that would allow Shivers to appoint the successor. He quoted several precedents and statutes he said allowed a provisional resignation.

Daniel promised during his campaign he would resign in time for his successor to be elected and pledged there would be no appointment.

He offered his resignation after he won the Democratic nomination in the second primary in August.

"Had you acted with any reasonable diligence," Daniel wrote Shivers from Washington yesterday, "we could have had an election either under the statute of your choice (Article 12.02) or my choice (4.09) before Congress convenes on Jan. 3."

Daniel said under the statute of his choice a special election could be held within 20 days.

## RESOLUTION NO. 283

A RESOLUTION declaring it necessary to bring to the established grade all that part of Gentry Avenue from the purpose of constructing and to construct a concrete curb and gutter on both sides of Gentry Avenue, from the north line of Second Street thence north to the south line of First Street Terrace, all public streets within the City of Sedalia, Missouri.

## Burma Fields New Sector To Red China

NAM KAM. Burma—China Frontier (AP)—Burma appears to have paid another installment on its purchase of Communist China's friendship.

By withdrawing their invading troops from one part of Burma, the Communists are getting permanent possession of another, far more strategic sector.

The Burmese concession gives the Chinese a road into rebellious Tibet which is relatively ice-free the year round, and two routes aimed directly at Assam, India's northernmost province. In return, the Communists agreed to withdraw from the Wa states which they invaded in 1953.

This, in the strange context of Burma's nervous neutralism, is what its Foreign Office calls China's "fair and reasonable proposals."

The area Red China won, apparently in negotiations with former Prime Minister U Nu recently, covers three townships in northern Kachin State.

The settlement merely legalizes a situation which Burma could do nothing about in the first place. An estimated 4,500 Chinese Communist troops moved into both the Wa states and Kachin up to last August.

The Burmese army became increasingly upset over the occupation. It had only 7,000 soldiers in all of upper Burma. Most of them were busy fighting local insurgents and local Communist bands who, with outside arms help and 4,000 men, have kept parts of Burma in civil war since 1948.

Said one Burmese commander: "We looked at our own forces, looked at their troops and then looked over the border. We shuddered."

Along Burma's twisting 1,200-mile frontier with China, the Communists supposedly have five armies of about 50,000 men.

There are about a million Chinese in Burma—a major share illegally. Most of them are settling in the frontier states.

### Students Protest Meters at University

AUSTIN, Tex. (AP)—Police aren't having much luck putting parking meters in front of a University of Texas men's dormitory.

The first meter was yanked out Wednesday before the concrete base hardened. Police recovered it after chasing the culprit.

During the chase, raw eggs pelted the officers and their patrol car.

Two meter posts yanked from fresh concrete that night have not been recovered.

Last Friday students hanged Mayor Tom Miller in effigy. A sign said "take your meters back to city hall."

### Mayor Dies After Driving to Hospital

CAMBRIDGE, Md. (AP)—Roland H. Windsor, former mayor of nearby Hurlock, suffered a heart attack yesterday while visiting here.

He drove to Cambridge-Maryland Hospital, sounded his automobile horn to summon help, and was placed in an oxygen tent moments after attendants responded.

Windsor, 57, died one hour later. The former Hurlock mayor was a milling company operator. He had been active in Democratic politics for many years.

### Police Hunt Jilted Girl for Setting Fire

PROVIDENCE, R.I. (AP)—Police today were looking for a jilted girl to question her about a fire set yesterday at a rooming house.

Two bundles of newspapers were found burning near the room of a male lodger, but they did little damage.

Armen Bagdasarian, caretaker of the rooming house, said the lodger recently had a falling out with his girl friend and he believed she was responsible for the fire.

An old-fashioned technique that's still good to use: Soak cauliflower or broccoli in salted water for 15 minutes or so before cooking to get rid of any small insects.

## Conservatives Close Ranks Behind Eden

LONDON (AP)—The Conservative party closed ranks last night behind Sir Anthony Eden, dispelling any immediate prospect that the ailing prime minister might give up the reins of the British government.

Dissatisfied Conservatives in Parliament appeared to have abandoned — for the time being, at least — any thought of a serious revolt against Eden's handling of the Suez Canal crisis.

It was conceded generally that nothing short of such a revolt, or a really crippling illness, could force Eden to throw in his hand. The apparent restoration of party unity was achieved on the eve of Eden's departure tonight for a rest in Jamaica. It came at a meeting of the "1922 Committee," an organization of all Conservative members of the House of Commons who hold no office in the government.

Reports leaking out of the conference agreed that R. A. Butler, Eden's deputy and political heir apparent, and Chancellor of the Exchequer Harold Macmillan, another possible future prime minister, had succeeded in rallying the party behind the government.

Dissidents who had criticized the invasion of Egypt as unwise were said to have been persuaded that what's done is done and that the government is now doing all it can to help the United Nations pick

up the pieces.

Another group who felt that the government was now taking too passive a line and thus letting itself be deprived of any fruits of victory in Egypt received assurances that British forces will not withdraw until "effective" U.N. control has been established.

## Student Suffers Ankle Fractures in Fall

DENVER (AP)—A junior high school student suffered fractures of both ankles when he fell 70 feet into a cavernous coal storage elevator. Firemen pulled Lee Gurule, 15, to safety an hour later. At Denver General Hospital

Gurule said he and two other boys were walking a plank across the top of three coal elevators when he stepped to one side, thinking the elevator was solid.

His companions summoned aid. Democrat Class Ads Get Results!

# Molotov Gets New Red Post

## Ex-Foreign Minister Named Minister of State Control

MOSCOW, Nov. 21.—(P)—V. M. Molotov, relieved less than five months ago as foreign minister, was named today as the head of the Ministry of State Control. In this key office he will be a watchdog over operations of the Soviet government.

Molotov will head a ministry with wide powers of control, examination and—if the occasion arises—prosecution over other units of the Soviet government.

### Once Headed by Beria

The Ministry of State Control once was a unit in the personal empire of L. P. Beria, the former secret police chief. Gen. Vsevolod Merkulov was dismissed from this ministry as a Beria henchman in the fall of 1953 and shot with Beria that Christmas Eve.

The appointment of Molotov was viewed here as a move to tighten up operations of the Soviet government and to assure that all its ministries and agencies function properly.

### Shift in Power Struggle

This, like all Moscow dispatches, passed through censorship. Outside Russia diplomats viewed the appointment as a shift in a developing struggle for power inside the Kremlin. In Belgrade, a capital directly concerned by the split in the Kremlin over policy toward President Tito's brand of independent communism, the appointment was seen unofficially as a comeback for Molotov. Tito has been a bitter foe of Molotov.

Tonight's announcement said Molotov, 66, retains his present post of first deputy premier. He succeeds V. G. Zhavoronkov as minister of state control. Zhavoronkov is not widely known.

Joseph Stalin held the job for three years while on his rise to power.

### Heads All Ministries

The Ministry of State Control normally supervises the work of all other ministries, seeing to it that they carry out government decrees and instructions. It controls the expenditure of money and materials, oversees production, economic and financial activities of state, cooperative and public enterprises, reports on problems that come to light through audits and has active representatives watching the navy, military headquarters and ports.

# Plane Lands With First Load Of Refugees From Hungary

CAMP KILMER, N. J., Nov. 21.—(P)—Laughing children and their grateful parents—the vanguard of a Hungarian migration wave set off by Iron Curtain tyranny—moved into this Army base today and thanked God for their new home.

The group of 60 refugees touched the free soil of America at noon when their four-engine plane winged into McGuire Air Force Base. They were brought here in Army buses to the cheers of thousands.

### Promised Life of Tranquility

They left the plane in silence without betraying any emotion. But later the women burst into tears as Army Secretary Wilber M. Brucker promised them a life of "peace and tranquility."

As they wept the secretary, touched departed from his prepared text to say:

"Now you are among friends." A refugee aboard the plane, Father Jozsef Mate, 34-year-old Catholic seminary student who has spent five years in a Communist prison, responded with a benediction.

"I greet America in the name of the Lord," he said in Hungarian.

And then in the English he practiced all the way from Vienna:

"I thank you and God bless you." Aging folk and cooing infants,

# Striking in Britain Threatens Industry

## Truckers' Protest to Gas Rations Could Tie Up Food, Other Stocks

LONDON, Nov. 21.—(P)—Wildcat strikes of truck drivers and motor mechanics protesting gasoline rationing threatened to disorganize delivery of food and other stocks in many parts of Britain tonight.

The strikes were aimed at the government's rationing system designed to force one in 10 commercial vehicles off the highways to save gasoline during the Suez-Middle East crisis.

### Claim Threat to Jobs

Rationing begins Dec. 17. Drivers contended it would knock a tenth of the workers off their jobs. Late today about 1,000 had left their vehicles and some maintenance workers walked out with them.

### Since the walkouts were unofficial

The government earlier yielded to protests and expected meat truck drivers from the ruling, to prevent deterioration of supplies in transit.

Union officials were trying to talk the men from six large depots into going back to work.

### Asks Shippers Use Railway

Transport Minister Harold Watkinson pleaded with shippers to use the railways which are working capacity.

"We have tried to tailor the motor fuel rationing scheme to the situation," Watkinson told motor executives. "It is a short-term situation. If we can get the United Nations to live up to their resolution, the Suez Canal should be cleared very much more quickly than some people might imagine."

Gasoline rationing will reduce government revenues drastically. The gasoline tax equivalent of 34 cents an imperial gallon, is important to the nation's budget.

On the stock market oil motor and airplane shares dropped sharply.

Another 2,400 miles of Missouri state highways which now have gravel or crushed stone surfaces will get oil treatment next summer in the 1957 oiling program which has been approved by the State Highway Commission. The improvements, extending into every section of the state, are expected to cost about \$3,383,870.

This new oiling program, second only in size to the one carried out during the past summer, continues a Commission policy of providing more and more dustless surface highways as a service to highway users. Some 3,000 miles of similar roads were oiled during this past summer at a cost of about \$5,000,000.

Surface improvements on the additional mileage during 1957 will be made possible by a still further lowering of traffic volume required before such work is done. Under the newly revised Commission policy, all state highways not now oiled and having an annual daily average traffic of 100 vehicles or more are to be given oil surface treatments.

For 1956 the yardstick has been 125 vehicles per day. Last year the requirement was 200 vehicles per day and prior to that was 250 vehicles per day.

Actual application of the bituminous material on the road surfaces will not be made until next Spring and Summer, since that type operation is a warm or hot weather task. However, maintenance forces already are at work preparing many of the roads for the coming improvements, with that stabilization work to be carried on throughout the winter as conditions permit so the earliest possible start on oiling can be made next spring. Stabilization work includes grading, ditch cleaning, etc.

KC Ironworker Falls 40 Foot to His Death

KANSAS CITY, Nov. 21.—(P)—An ironworker was injured fatally today in a 40-foot fall from the roof of a steel company building.

He was identified as Audrey Leader, 28, of Jackson County.

The key question is where the Soviet army stands and the probabilities are that the defense minister, Marshal Zhukov has thrown his immense weight against Khrushchev because of army officers' alarm at the danger to Soviet positions in eastern Europe as a result, they consider of Khrushchev's policies.

A key personality in the Kremlin maneuvering is likely a man little known in the west—Mikhail Suslov. He holds the position of a secretary in the Central Committee of the Communist party with rank up to the present: time second only to Khrushchev.

Suslov in Spotlight

Information reaching the West through Yugoslavia indicates Suslov last July at a Central Committee meeting led a successful campaign to defeat Khrushchev on his policy toward President Tito of Yugoslavia.

In any case, whether Suslov or someone else is pulling the strings in the anti-Khrushchev operation,

the way in which Molotov has come back into the limelight makes it seem more likely that for the present at least it is not Molotov who is playing the role of king-maker or king-breaker.

The two new positions which Molotov has acquired in the last two days are important but they are probably not those he would choose as stepping stone to the top position in the Kremlin hierarchy. On the one hand Molotov has apparently the job of Communist party supervision over the Soviet arts. On the other, he has been named minister of state control, a job which can be unimportant or important depending on the man who runs it and his authority. Essentially it's an auditing and inspection organization with some semi-police powers.

## Calls for Discretion in Negotiating Use of UN Troops, Clearing of Canal

### BULLETIN

UNITED NATIONS, N. Y., Nov. 21.—(P)—Britain, France and Israel have notified Secretary General Dag Hammarskjold they are withdrawing parts of their forces from Egypt, diplomatic sources said tonight.

UNITED NATIONS, N. Y., Nov. 21.—(P)—Dag Hammarskjold requested the U. N. Assembly today to give him wide discretionary powers in making arrangements with Egypt for use of the Middle East police force and for salvage work to clear the Suez Canal.

As the delegates looked into the report of the secretary general on his trip to Cairo and talks with President Nasser, these developments in the vastly complicated Middle East situation occurred:

Aggressive Intent Charged

1. Farid Zeineddine of Syria dramatically interrupted Assembly debate on Hungary to charge that Britain, France and Israel are massing troops on the borders of Syria and Jordan with aggressive intention. The Soviet Union, hard pressed in the Hungarian wrangle, immediately said the Assembly should devote its attention to possible new threats to peace instead of arguing about a "deliberately inflated Hungarian issue."

British sources promptly denied it and Abba Eban of Israel told the Assembly it was a "fabrication" intended to divert Assembly attention from the debate on Hungary. Eban said Syria herself might be planning action against Israel.

2. The British Cabinet met to answer a request from Hammarskjold asking when British forces will withdraw from Egypt in compliance with a decision of the Assembly. Afterwards, Britain was reported standing firm on quitting Egypt only after "effective" U. N. police forces have moved in, but official sources said Britain might shortly make a token withdrawal of some troops from Port Said.

3. American pressure continued on Britain, France and Israel to withdraw from Egypt. Authoritative sources here said the United States feels it is in the best interest of the three invaders to do so and the best way to correct what the United States says was a mistake is to leave Egypt.

Nasser Holds Firm Stand

4. In Cairo President Nasser said in a statement he will be nobody's stooge and the pawn of no one in this situation.

5. Norwegian troops moved into Port Said in the first actual police work of the growing U. N. forces.

Hammarskjold's report was sent to the delegations after it was approved by a seven-nation advisory committee. Henry Cabot Lodge Jr., chief U. S. delegate, commented favorably on it when he concluded a long conference with Hammarskjold.

Hammarskjold said he and Nasser had agreed on broad principles to govern use of the force. However, his report left unanswered the question whether U. N. forces would police the Suez Canal zone

after withdrawal of British and French forces.

The American view in this respect was that the British and French should get out of Suez now and this would permit constructive talks with Nasser for a solution of the Suez problem while the emergency police force is on the ground.

Cost High on Canal Work

On the salvage problem, Hammarskjold said he was not able to estimate now much it would cost to clear the canal but he would submit detailed costs later. Some sources here have estimated it will cost 40 million dollars and the question of who will pay this sum is likely to prove a hot point in future debates.

Hammarskjold said he had approached some Danish and Dutch firms and was ready to go ahead when he got the Assembly's approval. He said it is possible now to survey the work to be done but that he agreed with Egypt that the process of clearing the waterway will not start until after the withdrawal of non-Egyptian forces from the port and canal area.

Will Direct Anglo-French-Israeli Withdrawal, Maintain Cease-Fire

CAIRO, Nov. 21.—(P)—A square-jawed Canadian veteran of two world wars is arriving in Egypt tomorrow to command a military organization that can make or break the United Nations as a peace-keeping force in the Middle East.

Maj. Gen. E. L. M. Burns, 59, is returning from talks in New York on the duties of the organization, a U. N. police force made up of nationalities as diverse as Colombians and Swedes, Yugoslavs and Indians.

Guard Palestine Frontiers

Burns had a team of around 30 observers armed only with white flags to keep watch on Palestine frontiers.

The group could observe, report and recommend. But it could never enforce a decision. As the months went by, frontier incidents grew. The death toll mounted steadily.

Both Arabs and Israelis grew contemptuous, and the truce team suffered humiliations.

Now things promise to be different. Instead of 30 men, he will eventually have several thousand. Instead of white truce flags, his men will carry weapons.

But he is cautious about predicting success for the police mission.

Cheered by British, Egyptians—

Along the sunny Suez Canal zone Egyptians cheered the Norwegians and cried:

"Down with war criminals!" British troops bored by their occupation duties, rushed out of front line positions at El Cap, 30 miles south of here and shook hands with Norwegians leaning from car windows as the train crossed the cease-fire line.

"Glad you're here, bud," they shouted.

Some British privates and the Egyptian national radio alike predicted British-French forces would not be staying here long now that the U. N. force is on hand.

But Lt. Gen. Sir Hugh Stockwell, British commander here, discouraged such talk. He said he had no knowledge of any plan for a withdrawal, and anyway "if it's done in four weeks it won't be dignified."

A U. N. announcement said the 19-man Norwegian force came here by agreement of the British, French and Egyptians to ease tension and had nothing to do with withdrawal.

There is a considerable validity in calling Molotov a Stalinist, but very little in applying the term to a number of other Kremlin leaders who are likely to have joined Molotov and others to curb Khrushchev.

It would also be a mistake to jump to the conclusion that Nikita Khrushchev has "had" it. It is fast or his feet.

Molotov's re-emergence into positions of authority is less important for its own significance than as an outward indicator of an inside melee in Moscow. It very likely is the precursor of other important personality changes.

TAKES OVER—R. A. Butler, No. 2 man in the British government, presided at a Cabinet meeting Tuesday in place of ailing Prime Minister Eden. Butler is Lord Privy Seal and leader of the House of Commons. Eden has been ordered to rest because of "severe overstrain." (AP Wirephoto).

## Makes Call For Road Bids

## Highway 50 Work In Pettis, Johnson Counties Included

The Missouri State Highway Commission this week asked bids for proposed improvements on 166.3 miles of state highways for Dec. 5. The work, to extend into 29 counties, is expected to cost about \$6,000,000. The improvements include 88½ miles of work on major system routes in 10 counties, expected to cost about \$5,000,000, and 97.8 miles of supplementary roads in 19 counties, expected to cost about \$1,000,000.

Major system improvements are on these highways: U.S. Routes 24, 36, 50, 59, 63, 71, 169 and 275 and Missouri Routes 113 and 118.

The U.S. Route 59 project, in St. Joseph, is an urban job, as is one supplementary improvement in St. Louis, on Page Boulevard.

In Jackson and Lafayette counties, calls for grading and bridging on the 17½ miles long relocation extending from west of Levasy, in Jackson county, east to a point northeast of Lexington. Four bridges are included. They are: 180-foot I-beam span over Fair Prairie Creek; 394-foot continuous plate girder and I-beam span over Big Sni-Bar Creek; 225-foot continuous I-beam span over Little Sni-Bar Creek; and 248-foot I-beam span underpass structure at Route 13. A contract for paving will be awarded later as the grading is completed.

Sedalia Transit Buses Will Stop Rolling Saturday

Due to the lack of sufficient patronage, the Sedalia Public Transit Lines, Inc., will cease operation at the close of business 5:45 p.m. Saturday. Prepaid transportation will be refunded on presentation by Dec. 1, 1956, at the Sedalia Public Transit Lines, Inc., at Harry Goldberg's, 3021 East 12th.

Harry Naugel, director of the retail merchants division of the Chamber of Commerce, stated that Harry Goldberg has lost a great deal of money on the bus transportation and the merchants had tried to underwrite it by advertising cards in the buses and other ways, but they could not underwrite it any more than they are doing and the buses just did not pay off. He cannot run it, Naugel said, for a matter of 100 customers, when 500 customers are needed to make it pay. Naugel said that people didn't patronize it and Sedalia will probably never have an opportunity for bus service again.

## Beverly Hoff, Dwane E. Smith Wed in Norfolk

Miss Beverly Joyce Hoff, daughter of Mr. and Mrs. Herman Hoff, 621 East Ninth, and S. N. Dwane E. Smith, son of Mr. and Mrs. Sam Smith, 1400 South Grand, were united in marriage on Friday, November 9, with the double ring ceremony performed by the Rev. Father R. J. Reid in Frazier Hall at Naval Operations Base, Norfolk, Va.

The bride wore a suit of royal blue velvet with black and white accessories. She wore a corsage of red talisman roses.

The bridesmaid, SN Marilyn V. Whalen, her only attendant, wore her WAVE uniform and a corsage of white carnations.

SN Kirby Lee Estes served as best man.

The mothers of the couple, Mrs. Sam Smith, attired in teal blue and Mrs. Herman Hoff, attired in navy blue wore corsages of pink carnations.

The bride was graduated from Sacred Heart High School, class of 1954, and for the past 2½ years was employed by radio station KDRO.

The groom, who is a graduate of Smith-Cotton High School, class of 1956, will graduate from radar school Nov. 24 at Norfolk Naval Air Base.

The couple is now residing in Norfolk, Va.

## Governor Names Widow to Post Husband Held

JEFFERSON CITY — Gov. Phil M. Donnelly has given to Bert C. Cooper's widow the job Cooper held as director of the State Department of Business and Administration.

Donnelly appointed Mrs. Eula B. Cooper to the \$6,000 a year directorship, replacing her husband who died about three weeks ago. It was expected that Governor-elect James T. Blair Jr., would name his own director of business and administration after he takes office in January.

The governor received the resignation of C. P. Turley of Van Buren as a member of the State Park Board. Turley, recently appointed by Donnelly to take over the job of Carter County probate judge and magistrate, said he didn't believe he could hold both the county and state jobs at the same time under Missouri law.

Donnelly also received these resignations:

William B. Norris Jr., of St. Joseph as Buchanan County magistrate, effective Dec. 16, Norris did not say why he was resigning.

Vern C. Goodwin of Edina as Knox County assessor, effective Dec. 31. Goodwin said he was quitting because he was elected Knox County sheriff and would take over that job Jan. 1.

## Epworth Circle Meets With Mrs. J. W. Gerds

Mrs. W. A. Green's Circle of the Epworth Methodist Church met Tuesday, Nov. 13, at the home of Mrs. J. W. Gerds, 2101 South Marvin, with Mrs. Gerds, Mrs. Anna Ringen, and Mrs. Pauline Garrett, as assisting hostesses.

There were 19 members present and guests were Mrs. Immie Ison, Mrs. Rosalee Alcorn and Mrs. G. C. Rucker.

The meeting opened with repeating the circle watchword from First Corinthians.

There were 24 cards signed to be sent to the ill, bereaved and shut-ins and 74 sick calls were made.

Silent prayer and sentence prayer were given ending with a prayer by Mrs. Green.

Devotionals were given by Mrs. Ella Griggs, Mrs. Minnie Harrington and Mrs. Belle Heckenlaible, the theme following the subject of "Thanksgiving".

The hostess served refreshments during the social hour.

Immediately after the ceremony, a reception was held at the Concordia VFW Hall.

The couple will live in Kansas City.

## Adenauer Plans Major Effort to Tighten US-German Relations

BONN, Germany — Chancellor Konrad Adenauer plans a major effort to tighten German-American cooperation in the wake of the Hungarian and Middle East crises.

Adenauer is considering sending Foreign Minister Heinrich von Brentano to Washington to sound out the Eisenhower administration on future American foreign policy.

The main aim of such a trip would be to press for coordination of West German and American policies toward the Soviet Union and in Europe and the Middle East.

Such a plan reflects strong pressure from Parliament and the Foreign Office for a more independent German foreign policy. German leaders were alarmed and irritated by the unexpected British-French assault on Egypt. The prevailing view is that German security must never again be threatened by some military venture of other NATO powers.

## Claim Russian Tanks Were in Desert Fight Against Israel Army

WINNIPEG, Man. — Russian-speaking soldiers in Russian-built tanks fought against Israel in the Sinai Desert two weeks ago, says Col. Nachman Karni of the operations branch of the Israeli army.

Karni, who left Israel 10 days ago and came here to address an Israel bond drive, said in an interview the Egyptian army was much better equipped than any Western country suspected.

"The Russians had supplied them with everything. They had Russian tanks, planes, armored cars, artillery and firearms," he reported.

The colonel said Russian was often heard when Egyptian radio communications in the battle area were monitored.

## Know Your America

Know your America and be  
Thankful today that it is free,  
Free to do simple things like these  
To worship and work as we please.  
Oh, God, here in this glorious land  
Let us not fail to understand;  
We must keep vigil day by day  
Lest freedom may be snatched away.  
That all the luxury we've known  
May suddenly not be our own.  
Let us be thankful that God's touch  
Has given to our land so much,  
That when we pay our taxes we  
Are helping just to keep us free.  
Here in the land we cherish so  
May the flame of freedom glow  
That we may see by its great light  
America in all its pride  
And all the things it can provide.  
Unto its shore the Pilgrims came  
And many more men did the same,  
To seek that precious thing they call  
Freedom—freedom for one and all.  
Guard it—that treasure that we hold;  
A nation vast with wealth untold;  
And may we never grow so blind  
We cannot see—we cannot find  
Time to give thanks—for we possess  
So much, while others lives are less.  
Let us be thankful for our way  
Of life on this Thanksgiving Day.  
Hazel N. Lang.

## Moniteau County 4-H Clubs Hold Recognition Night

Two hundred and fifty home economics clubs, 4-H clubs and balanced farming families attended the third annual Family Night Recognition on Thursday night at the California High School.

The home economics club council sponsors the family night recognition program which begins with a turkey dinner served at 7 o'clock in the school cafeteria. Mrs. Harold Gerhart, Mrs. Clark Howard, Mrs. George Coleman, Mrs. Robert Basinger and Mrs. Charles Stock prepared 100 pounds of turkey for the meal. Families brought vegetables, relishes and dessert.

A turkey carving demonstration was presented by Ted Jule, marketing specialist, from the College of Agriculture. He showed two methods of carving at the table. One method was turning the breast of the turkey away from the carver, cutting off the wing and leg, then slicing the breast meat. The second method was turning the turkey parallel to the carver and proceed as in method one.

The program opened with Mrs. Lawrence Cook, president of the Home Economics Council, presiding. Eighteen women and girls modeled garments made in the nine tailoring classes held in the county. Diplomats were awarded to 51 women who completed the tailoring classes. Those who modeled garments were Mrs. G. L. Peters, Mrs. Hudson Clay, Miss Linda Clay, Miss Mary Lou Schoenheit, Mrs. T. E. Clay, Mrs. Fred Cline, Mrs. Leonard Ratcliff, Mrs. Clark Howard, Misses Carol and Barbara Basinger, Mrs. John Crane, Mrs. Clyde Dummerthut, Mrs. L. A. Dr. Floyd L. Lively and Dr. Russell Drenon of Sedalia were among those who attended the Heart of America Educational Optometric Congress which was held at the Hotel President in Kansas City last weekend.

The three-day meeting is held annually for the purpose of keeping the optometric profession up-to-date on the latest developments in the field of visual care. The program this year included lectures by three prominent optometrists and a research psychologist. The optometrists on the platform were: Dr. A. M. Skeffington, St. Louis; Dr. Victor S. Glover, Roswell, N.M.; and Dr. O. J. Melvin, New Orleans, La. The psychologist was Dr. N. H. Pronke, head of the University of Wichita's psychology department.

The optometric lecturers concentrated on the visual performance of the pre-school and school child. Dr. Melvin highlighted this subject in his Monday evening talk entitled "Why Johnny Can't Read-Optometry's Concern." He cited research which has been done on the reading problem at Purdue University. According to Dr. Melvin these studies showed that four out of every ten children have visual skills below the level required for good school work, and that these visual skills can be improved by modern optometric methods. In terms of school achievement alone, visual training pays off.

The meeting attracted approximately 175 optometrists from an eight-state area.

## DeLaine Griffith Pledges Vows With Mr. Upton

Miss DeLaine Griffith, daughter of Mr. and Mrs. Othel Griffith, Smithton, and George Leroy Upton, son of Mr. and Mrs. Albert Upton, Green Ridge, exchanged wedding vows in a double ring ceremony October 12 at the Smithton Baptist Church with the bride's brother-in-law, the Rev. Donald Allcorn, Centralia, officiating. Tall white tapers in seven-branch candelabra tied with white satin bows and large baskets of white and yellow pompons were placed on either side of the altar forming the background.

Mrs. Walter Baxter, Smithton, aunt of the bride, played traditional wedding music on the piano. Mrs. Robert Martin, Sedalia, sang "I Love You Truly" and "Ah, Sweet Mystery of Life."

The bridegroom's sister, Miss Alice Upton, Green Ridge, and the bride's cousin, Miss Dianne Griffith, Sedalia, wearing identical dresses of moss green taffeta fashioned with fitted bodice and full skirts, lighted the tapers. They also wore wrist corsages of tiny yellow chrysanthemums.

The bride, given in marriage by her father, wore a ballerina length princess style dress of white taffeta with nylon net and seed pearls outlining the deep V neckline. She carried a colonial bouquet of white carnations and pink rosebuds. Tiny rosebuds were tied in the love knots in the white satin streamers. Her illusion veil was held by a Juliette cap of lace and seed pearls.

Miss Carol Griffith, Smithton, was bridesmaid for her sister. She wore a gown identical to the bride's in the rose de cocoa shade. Her bouquet was also colonial of yellow chrysanthemums with moss green streamers.

Joseph Upton, Green Ridge, served his brother as best man. Clyde Upton, Green Ridge, and Richard Griffith, Smithton, ushered.

The mother of the bride wore a gray nylon flannel dress with black accessories. The mother of the bridegroom chose a dress of deep royal blue with black and pink accessories. They each wore a pink carnation corsage.

A reception was held at the home of the bride's grandmother, Mrs. Cora Baxter for 80 guests. The bride's table held a centerpiece of white and yellow chrysanthemums and a four-tiered wedding cake. Mrs. C. A. DeJarnett, Mrs. Sterling Griffith and Mrs. Murrell Griffith, Sedalia, served. Mrs. Loy Smith, Green Ridge, was in charge of the guest book.

The couple left after the reception for a wedding trip in the Smoky Mountains in Tennessee. For traveling, the bride chose a two-piece knit dress in rose with black velvet accessories.

The bride was employed in the office of Town and Country Shoe factory for 18 months.

The bridegroom is employed by the Dairy Herd Improvement Association in Miller, Morgan, Benton and Pettis Counties.

Out of town guests were from Centralia, Columbia, Kansas City, Independence, Warrensburg, Chillicothe, Windsor, Warsaw, Green Ridge and Sedalia.

## Other Fires

Fire which started from a heat lamp destroyed a large barn on the Scotty Crawford farm, southwest of Sedalia near Green Ridge, at 7:20 p. m. Tuesday. The loss was estimated at \$5,000, with only \$2,500 insurance to cover the loss.

Considerable feed, four sows and a number of small pigs were lost in the blaze.

The Pettis County Fire Department answered the call and arrived in time to keep the fire from spreading to other buildings and the residence.

The Pettis County Fire Department answered a call to the residence of Ervin Veits, of rural route Mora, and near the county line, where they extinguished a fire in a defective flue. The call was at 9:03 a. m. Wednesday.

The company arrived in time to check fire which was starting around the flue in the attic and extinguished the blaze with only a \$100 loss to the home.

Veits wasn't too sure at the time about calling the County Department, but was surprised after the alarm was turned in that the truck arrived as quickly as it did, especially in time to extinguish the fire with such a small loss.

ing and bridging operations near completion.

The U. S. Route 36 improvements are in three separate sections, all in Macon county. One is for 1.7 miles of grading, bridging, widening to 24 feet and resurfacing with asphaltic concrete from Route 129 east toward the New Cambria junction. Another is for about 0.7 mile widening to 24 feet and resurfacing with asphaltic concrete from the Macon city limits southwesterly. The other is for 1.7 miles widening to 24 feet and resurfacing with asphaltic concrete east and west of the Chariton River crossing.

Two separated U. S. Route 50 improvements also are listed, with their mileage totaling 16.8 miles. One project, in Jackson and Johnson counties, is for 9.9 miles of widening to 24 feet and resurfacing with asphaltic concrete from Cockrell, in Jackson County, east through Lone Jack and into Johnson County, with seven miles being in Jackson County and 2.9 miles in Johnson County.

The other U. S. Route 50 job calls for grading and bridging only on 6.9 miles from west of Knob Noster in Johnson County east into Pettis County, toward LaMonte. The project includes a 379 feet bridge over the Missouri Pacific Railroad.

Franco-German Love Match  
May Top Rainier Wedding

By ROSETTE HARGROVE  
NEA Staff Correspondent

PARIS — (NEA) — The most important marriage to be celebrated in France since Napoleon III wed Princess Eugenie will culminate a Franco-German royal love match early next summer, and as far as European royalty is concerned it will make that Rainier-Kelly wedding in Monaco last spring look like a musical comedy.

The groom will be 23-year-old Dauphin, Henri, of Orleans. His father is the Comte de Paris, Pretender to the Throne of France, and since Henri is the oldest son, he'll be Pretender some day, too.

His bride-to-be is 22-year-old Marie-Therese of Wurtemberg, who came to Paris to brush up on her French and went home with an engagement ring. Her father is Duke Philip of Wurtemberg and her mother is Arch-Duchess Rosa of Austria.

That should be enough blue-blooded lineage to top Monaco hands down, but it doesn't stop there. Both prospective fathers-in-law are cousins. And both are great-grandsons of Louis-Philippe, last of the French kings to reign.

The wedding will take place in the royal chapel at Dreux, burial place of the Bourbon dynasty, and you can get some idea of how royal feels about it from the fact the engagement was celebrated with a torchlight procession at the historic castle of Althausen, home of Marie-Therese's father.

The Dauphin and the pretty blonde Duchess met last year at the Comte de Paris' rambling family home a few miles outside Paris, where he established residence Helene, will beat him to the

dence on his return from exile. Marie-Therese, who had plans for a career as a U.N. interpreter, had been sent there for a visit while she boned up on languages. The engagement changed her plans. She has since begun a course in child welfare.

The career idea came about because European aristocracy often finds it necessary to be able to earn a living these days. Henri's education has been strictly on princely lines as a candidate for the throne, with not much chance of a job opening up in that field. But there's not much chance his bride-to-be will have to be the breadwinner. Both families are extremely wealthy.

Marie-Therese, a simple, unaffected "invisible Duchess," is an excellent sportswoman, especially skilled at riding and skiing. She designs and makes her own clothes, and pays no attention whatsoever to such modern fad-dol as "berceur-roule," which is French for rock-n-roll.

Henri, whose 10 brothers and sisters call him "Titou," is a serious, tweedy young man who is a passionate mountain climber and a great skier. Right now he's a student at the Institute of Political Sciences. He is a stickler for work and despises what he calls the "useless social whirl."

Like any other Frenchman, he will have to serve a stint in the Army, and will join the Tank Corps, in which he's had preliminary training, after his wedding. Before he does, however, he and Marie-Therese will go around the world for a three-month honeymoon.

Henri's sister, 22-year-old Princess Helene, will beat him to the

ADD SOVIET HEADACHES — The anti-Kremlin spirit, sparked by Poland and Hungary, is bedeviling Moscow's stooges in Italy, too. These posters in Rome urge Italian Communists to break away from Russian domination. One displays portraits of Hungarian officials beneath a sign reading "Long Live Liberty." Others depict a worker severing roots marked Poland, Hungary, Czechoslovakia, Romania and Bulgaria from a tree symbolizing the Soviet Union. Caption reads, "Italian Communists break your chains with Moscow as well."

INFO CHIEF — President Eisenhower has named Undersecretary of Labor Arthur Larson as new director of the U.S. Information Agency. His recent book "A Republican Looks at His Party" was widely quoted during the recent presidential election campaign.
